MCGREGOR'S
GIANT FLOWERED
PRIMULA OBCONICA

FOR
DESCRIPTION AND
PRICE SEE PAGE 1.

The
McGregor Bros. Co.
Springfield, Ohio.

The Hyacinths are probably the most useful and popular hardy bulbs grown. They come in many lovely shades and are exceedingly beautiful and fragrant. If planted in the early fall, they bloom splendidly very early in the spring, and for massive, yet graceful beauty, superb finish, diversity of color and delicious fragrance, it can be said they are unequalled by any flower. It is the most popular of all bulbs for planting in the open ground, and the ideal flower for indoor flowering in the fall and winter. They are the easiest flowers to grow and are absolutely sure to bloom. Our bulbs are of an extra fine grade, especially selected, and will give the most satisfactory results.

COLLECTIONS OF HYACINTHS FOR BEDS

A "Ribbon" Bed of 98 Finest, First-Size, Named Hyacinths for \$7 (by Express)

"Ribbon" Hyacinth Bed No. 1

This collection is designed to be planted in an oblong bed 7 feet long by 3½ feet wide, requiring ninety-eight Hyacinths—seven rows, containing fourteen bulbs each, planted 6 inches apart.

Center row—14 **King of the Belgians** (dark red).

One row each side of center—28 **La Peyrouse** (light blue).

One row each side of the blue—28 **Moreno** (light pink).

The two outside rows—28 **L'Innocence** (pure white).

"Ribbon" Bed No. 2 of Unnamed Hyacinths

This collection contains 98 Unnamed Hyacinths, to be planted in the same manner as above, your selection of colors, for \$3.50 (by express).

COLLECTIONS OF TULIPS FOR BEDS

Circular Bed of Tulips "D," 156 Named Single Early Tulips for \$2.75 (by Express)

This collection is designed to fill a bed 6 feet in diameter, requiring 156 bulbs planted 5 inches apart each way. This bed is to be divided in quarters, the diagonal sections being alike.

Section No. 1—39 **Joost Von Vondel** (deep cherry-red).

Section No. 2—39 **Chrysolora** (brilliant golden yellow).

Section No. 3—39 **Joost Von Vondel** (deep cherry-red).

Section No. 4—39 **Chrysolora** (brilliant golden yellow).

Circular Bed of Tulips "E," 156 Named Single Early Tulips for \$2.75 (by Express)

This collection is designed for a bed planted in the manner of Tulip Bed "D," but of different colors, using for

Section No. 1—**Cottage Maid** (light pink).

Section No. 2—**Artus** (bright red).

Section No. 3—**Cottage Maid** (light pink).

Section No. 4—**Artus** (bright red).

Collections "D" and "E" will also both make beautiful beds of striking effect if planted in the shape of a Greek cross.

Circular Bed of Tulips "F," 130 Single Late Tulips for \$3 (by Express)

This is designed for a bed 5 feet in diameter, requiring 130 bulbs, planted 5 inches apart each way, in circles. The late Tulips are usually in bloom during the last two weeks of May or first of June, and remain in bloom a much longer time than do the early Tulips. Moreover, they are more sure to produce perfect blooms, as the late frosts do not affect them. This collection will make a brilliant display.

First row (outside)—36 **Isabella** (yellow, edged pink, changing to carmine).

Second row—30 **Maiden's Blush** (white, changing to light pink).

Third row—24 **Maiden's Blush** (white, changing to light pink).

Center—44 **Gesneriana Major** (brilliant crimson scarlet).

EXTRA LARGE Hardy Field-Grown Roses

An opportunity to secure extra large Roses—all perfectly hardy, dormant, and all on own roots. (See page 16.)

The persistent demand for extra large hardy, dormant field-grown Roses for fall planting in open ground has led us to offer them. The list embraces the finest varieties of hardy Roses, each one famous the world over. The plants are extra large and heavy, ranging in height from 1½ to 3 feet, according to variety; thoroughly dormant, true to name, perfectly hardy in all localities, sure to give satisfaction and specially adapted to fall planting in open ground in all localities. These Roses can be set out at any time, up until severe freezing weather, while it is possible to dig the ground, and by giving the roots light protection they will come safely through the most severe winters, yielding a magnificent supply of flowers next season. These are the kind of Roses usually sold at 75 cents each, while we offer them at a price that represents little more than the cost of growing them. These Roses, like trees, make roots during winter, hence fall planting of this kind of stock always gives splendid satisfaction.

**Price for these plants (as given on page 16), 40 cents each; the full collection of eight Roses for \$2.50, purchaser paying express charges (or prepaid anywhere in the United States for \$3 00).
SAFE DELIVERY GUARANTEED.**

REMEMBER. With every collection of these Roses at \$2.50 (or \$3.00 prepaid) we send with the plants, FREE, a copy of "McGregor's Guide to Floriculture." This book will give you full planting directions and information as to their care during winter, etc.

REMARKS

Plants can be sent at any time of the year—Winter, Spring or Summer—if we send your order the following guarantee applies on it

GUARANTEE—We guarantee all Trees, Shrubs, Plants, Bulbs and Seeds that we send out to be true to name and to reach purchaser in good condition when forwarded by **MAIL** or **EXPRESS** (freight shipments at purchaser's risk), and hold ourselves in readiness to replace all stock that may accidentally prove untrue to label, free of charge, or refund the amount paid therefor, but it is mutually understood and agreed between the purchaser and ourselves that our guarantee of genuineness shall not in any case make us liable for a greater sum than that originally received for such stock that may prove untrue. Most failures with plants, bulbs and seeds are due to soil conditions, unfavorable weather and other causes entirely beyond our control, rendering it impossible to guarantee success, and although we will take all possible care to send only such stock as will, under proper conditions, give satisfactory results, we do not, and should not be expected to guarantee stock to grow, or guarantee results in any way, and we can not entertain complaints that are not made promptly after receipt of goods.

METHODS OF PACKING AND FORWARDING ORDERS.

In this catalogue all stock listed (unless noted) **CAN BE SENT** by mail. There are some items, however, that **SHOULD** be sent by express, and other items that, on account of size, **MUST** be sent by express. The packing and shipping therefore is divided into these three methods.

We always use our best judgment in packing and forwarding of all orders, putting them up consistent with safe delivery and future results; and while there are instances where local planting or other conditions make it advisable to have orders sent by express so as to permit of the ball of earth remaining about the roots, still, in a great many instances and to far away points, where transportation charges are high, the soil can be removed from plants of the larger sizes, and too large for mailing packages, and the roots packed in damp moss, and delivery of the plants made at a great saving in transportation charges. We will, therefore, unless otherwise instructed, use our best judgment in executing such orders, believing that at times, and where our customers are not aware of the best methods to use, their orders can be executed more satisfactorily. It should, therefore, be understood that if particular packing and forwarding instructions are to be followed, they should be plainly stated under the above heading "Remarks."

OUR COVER ILLUSTRATIONS

COVER COLLECTION OF MAY FLOWERING TULIPS ILLUSTRATED ON FRONT OF COVER.

Each year the May flowering Tulips increase in popularity until they will soon far supersede in favor the early flowering varieties. They are more sure to produce perfect blooms because the late frosts do not affect them as much as the earlier varieties; they are superior in brilliancy of coloring and length of stem, and they remain in bloom a greater length of time. Of the many varieties of this class we have selected the five finest for this collection and offer them to you at a remarkably low price.

- 2 Late Tulips, *Isabella*—A canary-yellow edged pink, changing to brilliant carmine.
- 2 Late Tulips, *Maiden's Blush*—Pure white, daintily edged pink, changing to bright pink.
- 2 Late Tulips, *Gesneriana Major*—Brilliant crimson-scarlet with glittering blue-black center.
- 2 Late Tulips, *Bybloemen*—Brilliant and irregular stripes of purple, yellow, brown and white.
- 2 Late Tulips, *Parrot*—Petals deeply fringed and cut, brilliant scarlet, striped yellow and green.

The above ten May-flowering Tulips, by mail, postpaid, for 30 cents. Four of these May-flowering Tulip collections, by express, for \$1.00.

COVER COLLECTION OF BULBS (ILLUSTRATED ON BACK OF COVER)

These bulbs, illustrated on the back of this cover, will bloom well if forced for winter blooming in the house or planted outdoors for spring flowering, though all bulbs bloom better when planted out in open ground in early fall. The varieties here offered are the best of their class and cannot fail to please you with their fine blooms.

- 3 Single Early Tulips, *Artus*—The finest brilliant scarlet Tulip grown.
- 2 Narcissus, *Double Von Sion*—The true Easter flower or double yellow Daffodil; very large and double.
- 5 Giant Crocus—Five named varieties, all different, producing from four to eight giant flowers to each bulb.
- 1 Single Hyacinth, *L'Innocence*—An enormous flower of purest white bells.

The above collection of eleven bulbs, by mail, postpaid, for 35 cents. Four of these Cover Collections of Bulbs, by express, for \$1.10.

NEW EVER-BLOOMING PRIMROSE (PRIMULA OBCONICA CARMINEA.)

Illustrated on Front of Cover.

The new large-flowering Obconica that has made such a sensation at the recent exhibitions. It is a fine plant for cut flowers, of easy culture and blooms profusely. The flowers are borne on long stems, heads containing ten to fifteen flowers with the true Primrose fragrance.

Obconica Carminea—Identical with *Grandiflora* in every detail except color, which is a deep cerise-pink. Exceptionally fine for cut flowers.

Obconica Arendsii—Fine grower, with clear pink flowers; borne in clusters on long stems.

Price, nice plants of any variety, 15 cents each; two for 25 cents; \$1.25 per dozen, postpaid. Large plants, any variety, 25 cents each; two for 40 cents; \$2.00 per dozen, postpaid.

Obconica Sanguinea—Identical with the above varieties except in color, which is a dark pink with markings of lavender; fine grower with distinct foliage.

Obconica Grandiflora Alba—This is a plant of new introduction and very much superior to the old Obconica. The flowers are pure white and borne in the same manner as the Chinese Primrose. On account of the large flower, stiff and long stem and the pretty foliage, it has attracted a great deal of attention at the late flower shows.

Price, nice plants of any variety, 15 cents each; two for 25 cents; \$1.25 per dozen, postpaid. Large plants, any variety, 25 cents each; two for 40 cents; \$2.00 per dozen, postpaid.

FRINGED CHINESE PRIMROSE (PRIMULA SINENSIS)

Chinese Primroses are well known as among the very finest flowers for house culture and winter bloom and if bedded out in the summer in a cool, shady place, will bloom finely and be in best condition by fall for taking to the window garden or conservatory, where they will bloom all winter and spring. They are strong feeders, and require good large pots and rich earth, but not too much heat. An upstairs window suits them nicely and with very little attention they will bloom nearly every day in the year.

Price, any variety, nice plants, 15 cents each; two for 25 cents; \$1.25 per dozen, postpaid. Large plants, any variety, 25 cents each; two for 40 cents; \$2.00 per dozen, postpaid.

Chinese Primrose, Mt. Blanc—(Illustrated on back of cover.) One of the best of the Chinese Primroses. Beautiful white flowers.

Alba—Flowers pure white; the foliage green.

Rubra—Purplish-red, white eye; fine strong grower.

Kirmesina Splendens—Bright carmine-pink, with distinct yellow eye.

Coccinea—Bright red, large flowers, beautifully fringed.

Price, nice plants of any variety, 15 cents each; two for 25 cents; \$1.25 per dozen, postpaid. Large plants, any variety, 25 cents each; two for 40 cents; \$2.00 per dozen, postpaid.

The New "Christmas" Collection

15 LARGE BULBS SENT POSTPAID FOR 50 CENTS

After careful testing, consultation with our Holland bulb growers, and painstaking study, we have succeeded in forming a collection of winter-flowering bulbs which can easily be brought into bloom at Christmas time by any amateur. This collection will give you a window garden full of brilliant, fragrant and delicate flowers for several weeks. Buy the bulbs early in the fall, and plant them at once in pots or boxes. Water them abundantly immediately after planting, cover the tops of the pots with leaves or excelsior, and place in a dark closet or cellar for four or five weeks, until the roots are well grown. Bring them out to a sunny window three or four weeks before the blooms are desired, as the tops will grow strong and rapidly after the roots are well grown.

These directions apply to the Hyacinths, Tulips and Narcissus, but for the Chinese Sacred Lily see directions on page 12.

The "Wonder" Collection

SEVENTY-FIVE BULBS (free, by mail) FOR 50 CENTS, AFTER NOVEMBER 1, 1908.

When placing our orders for bulbs, which we import from Holland, France, Italy, China, Bermuda, etc., it is impossible to estimate the demand, therefore we usually have a surplus of some varieties, even the finest and most expensive. As they cannot be kept over, we like to close them out at the end of the season. Therefore we are able to offer you assorted collections at sacrifice prices. The Wonder Collection contains 75 good-sized, sound bulbs, each variety wrapped separately and named, for 50 cents. This collection cannot be sent until November. Order at any time, and we will forward the bulbs as soon as possible after the first week in November.

The "Surprise" Bulb Collection

150 ASSORTED BULBS BY EXPRESS FOR \$1.00 AFTER NOVEMBER 1st, 1908.

Like the "Wonder Collection," this is made up of fine, sound bulbs of choice varieties which are unsold when the rush of trade is over. But as the Surprise Collection can only be sent by express at your expense, it contains a larger proportion of the heavier and more expensive bulbs, such as Hyacinths, Tulips, Narcissus, etc., of the finest varieties, each variety wrapped separately and named. Try it; they are worth four or five times the price we ask. A truly gorgeous display for \$1.00. This collection cannot be sent until November. Order at any time, and we will forward the bulbs as soon as possible after the first week in November.

The "Daffodil" Collection

TWENTY-FIVE BULBS FOR 25 CENTS.

This collection will make a very pretty little flower bed to bloom in early spring.

- 1 Double Incomparable Narcissus.
- 1 Single Von Sion Narcissus.
- 2 Double Alba Plena Odorata Narcissus.
- 2 Poeticus or Pheasant's Eye Narcissus.
- 2 Alba Stella Narcissus.
- 2 Jonquil Campenelle Narcissus.
- 15 Crocus.

SPECIAL EXPRESS OFFER—Any three 50-Cent Collections for \$1 20, by express; any two 50-Cent Collections and one 25-Cent Collection for \$1.00 by express. (Purchaser pays charges on all bulbs ordered sent by express.)

Select Named Single Hyacinths

PRICE, YOUR SELECTION, 10 CENTS EACH.

The Single Hyacinths by many are not so highly thought of as the double, yet they are to be preferred for bedding, as the truss is not so heavy, and consequently does not fall over, but stands erect. While the individual single bells are not quite so pretty as the double, the grace of the erect truss makes it better for pot culture also. We have revised our list, and can safely say we offer you the cream of Single Hyacinths now grown.

The Largest Flowered CHOICE VARIETIES

SINGLE PURE AND TINTED WHITE

La Belle Blanchisseuse—Extra large waxy-white bells; an excellent variety and choice for cemetery planting.

L'Innocence—One of the best of the new pure white Hyacinths; very broad, loose truss of immense bells; very fine.

Grandeur a Merveille—Finest bluish-white; a graceful, large truss exquisitely tinted creamy-pink.

SINGLE RED, ROSE AND PINK

King of the Belgians—Brilliant crimson-scarlet; upright spike, splendid bedder.

Rose Amaranth—A beautiful light rose-pink. A new variety of a charming new color; a strong grower.

Sarah Bernhard—A beautiful, brilliant rose, compact spike.

Moreno—Bright waxy-pink; very large truss and bells; splendid sort for pots.

Rosalie—A delicate silvery-pink; very early; one of the finest sorts.

SINGLE BLUE, LAVENDER, PURPLE

Marie—A rich bright purple, the darkest of the Single Hyacinths; fine in connection with the light colors.

Grand Maitre—Very large spikes of clear blue; one that we can recommend for any purpose.

La Peyrouse—An unusual sort, with sky-blue bells with graceful spikes of great size.

SINGLE YELLOW

King of Yellows—Rich, deep yellow, tall spike; large bells; early.

SPECIAL OFFER One Each of the 12 Named Single Hyacinths for \$1.00, Postpaid. . . .

Unnamed Single Hyacinths in Separate Colors

We recommend single-flowering Hyacinths for bedding, as they hold their blooms more erect and give much more satisfactory results. You can do no better if you want a fine display for a small amount of money than to order a goodly lot of the following splendid bulbs. We offer these fine single Hyacinths in separate colors, as follows:

PURE WHITE BLUSH WHITE ROSE PINK RED
LIGHT BLUE BRIGHT BLUE PURPLE YELLOW

Price, 5 cents each, 60 cents per dozen, by mail, postpaid.

EXPRESS OFFER OF UNNAMED HYACINTHS

By Express, 50 cents per dozen for any of the above Single Unnamed Hyacinths in separate colors.

The exceptionally low express offer on the opposite page of 100 Hyacinths for \$3.50, or 200 for \$7.00, applies to Single Hyacinths as well as Double ones. Do not fail to take advantage of this offer. You can border your walk with them, or make a pretty bed in front of the porch.

ORDER EARLY!

We may have to substitute for some of the named varieties of Bulbs after November 1st. Bulbs will be all sold out by December 1st.

Select Named Double Hyacinths

PRICE, YOUR SELECTION, 10 CENTS EACH.

The Hyacinth is certainly queen among bulbs, as it is the most popular of all flowering bulbs. Each year the Holland growers give us more improved varieties, and all tastes can be satisfied with their exquisite coloring and waxy bells. We offer you here a select list of the best double varieties.

The Largest Flowered Choice Varieties

DOUBLE PURE AND TINTED WHITE

Prince of Waterloo—One of the finest of the large double white Hyacinths. Very compact flower and extra fine.

Flevo—Another pure white of fine qualities. The spikes are very long, erect and standing well above the foliage. It will always be a favorite.

Isabella—A new variety. The finest bluish-white, beautifully tinted. Very charming, with extra large truss.

DOUBLE RED, ROSE AND PINK

Princess Alexandra—A novel combination of brilliant pink with pale pink shading. A grand flower.

Marie de Medicis—The reddest of the red. Very large and compact spike. Its brilliant color makes it a necessity in every collection.

Pink Bouquet Royal—Most beautiful compact spikes of large shell-pink flowers; exquisite light pink with darker center.

Grootvorst—Color rose pink, a firm and compact flower; very double, each bell like a miniature Rose.

DOUBLE BLUE, LAVENDER, PURPLE

Prince of Saxony—Fine spike of large bells. A rich dark purple. Very early.

Delicata—Firm and erect flower, with extra large bells of clear lavender blue; exquisite coloring, exceptionally fine; the earliest flowering variety.

Garrick—A brilliant porcelain blue, with large bells on strong spikes; one of the choicest blues grown.

DOUBLE YELLOW

Sovereign—The true sulphur-yellow. An unusual shade, and fine in connection with the other colors.

William III—Beautiful orange-salmon; very rich in combination with the blues. A compact and good bloomer.

SPECIAL OFFER One Each of the 12 Named Double Hyacinths for \$1.00, Postpaid . . .

UNNAMED DOUBLE HYACINTHS IN SEPARATE COLORS.

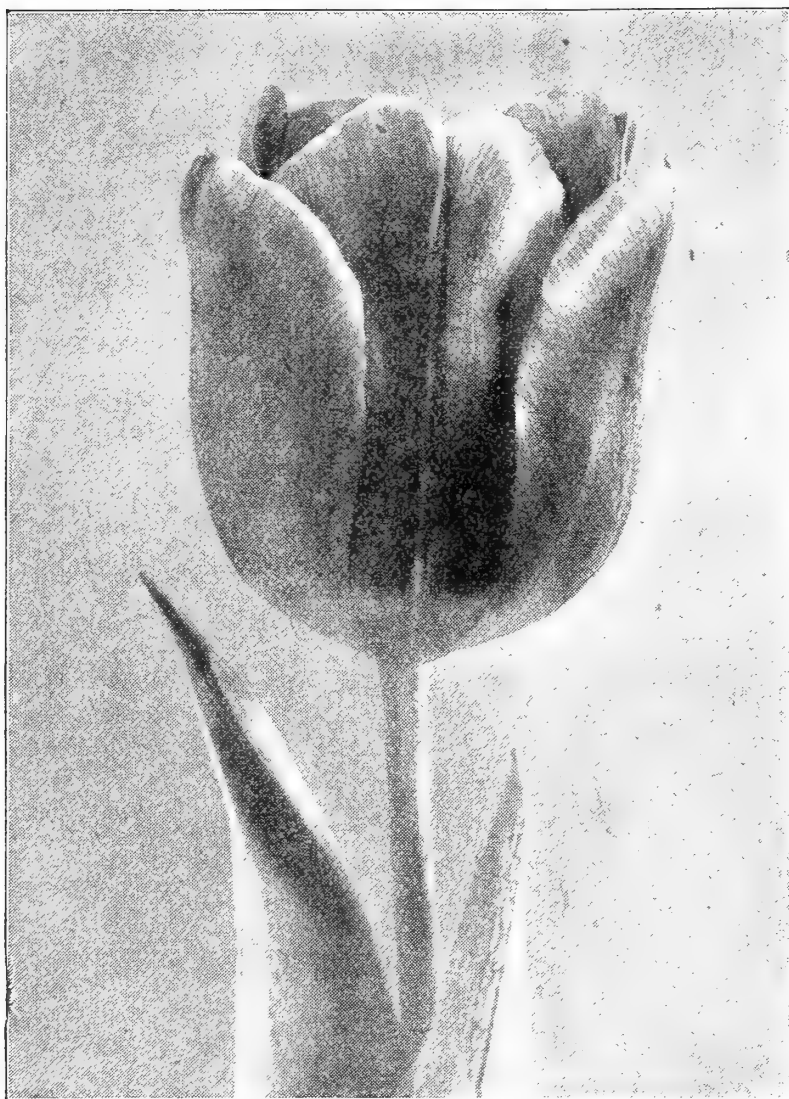

These are selected unnamed sorts, and are chiefly used for outdoor planting, but can also be used for pot culture, although we advise using the named varieties for house culture. These are just what is wanted for massing in borders or display beds. These bulbs are the product of one of the best growers in Holland, and are good size, solid, and will produce splendid flowers. We offer them in the following separate colors:

PURE WHITE	BLUSH WHITE	ROSE	PINK
RED	LIGHT BLUE	BRIGHT BLUE	
	PURPLE	YELLOW	

Price, 5 cents each, 60 cents per dozen, by mail, postpaid.

EXPRESS OFFER OF UNNAMED HYACINTHS

By Express, 50 cents per dozen for any of the above UNNAMED DOUBLE HYACINTHS in separate colors. Early Tulips

Tulips are the most satisfactory of spring-flowering bulbs. They are extremely hardy and of easy culture, blooming as freely and producing as fine flowers in a confined town garden as in a more favored place. Double and Single Tulips, when associated together and planted in front of shrubs, maintain a longer display than if either are separately planted. One of the prettiest ways to plant them is in the sod next the foundation of the house, where they will come up and bloom year after year with no care.

All the varieties named below are well adapted for bedding and pot culture, especially the Duc Van Thol sorts, which can be forced into bloom by Christmas with very little trouble.

NARCISSUS or DAFFODILS

POLYANTHUS NARCISSUS

NEW EARLY DOUBLE YELLOW AND WHITE

Double Roman—White perianth with a double orange and yellow cup; very early and free flowering and valuable for forcing and pot culture. Price, 4 cents each; 30 cents per dozen.

Paper White—This beautiful pure white sort is several weeks earlier than the ordinary Polyanthus, and can be had in bloom in a short time. Just the thing for Christmas. Large clusters of pure white flowers, which remain perfect for several weeks. Extra size bulbs. Price, 4 cents each; 40 cents per dozen.

NARCISSUS POETICUS

Pheasant's Eye, or Poet's Narcissus—Flowers large, snow-white, with beautiful cup suffused with bright orange-red; blooms in May; very fragrant. Price, 3 cents each; 20 cents per dozen. By express, \$1.00 per 100.

NARCISSUS JONQUILLA, or JONQUILS

Much prized for their charming golden and deliciously sweet-scented flowers; perfectly hardy, and flowering very early in the spring; they are admirably adapted for winter forcing.

Double Jonquil—Heads of small but very double deep golden-yellow flowers, powerfully scented and good for forcing. Price, 3 cents each; 30 cents per dozen.

Campernelle—A grand variety, producing freely large yellow flowers, sweet-scented, four to six on a stem. Price, 3 cents each; 20 cents per dozen.

Campernelle Regulosus—Giant Jonquil, the largest flowering. A handsome flower, color pure yellow, very fragrant. Price, 3 cents each; 25 cents per dozen.

SNOWDROPS

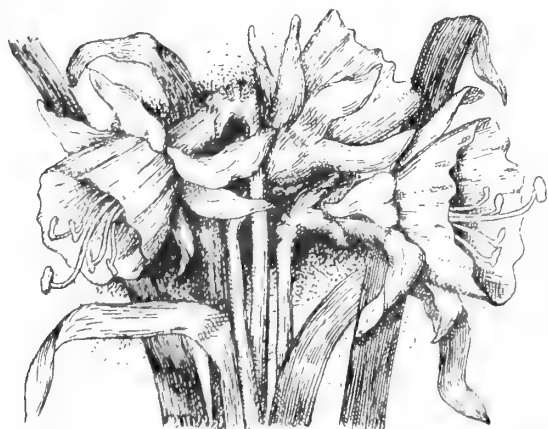

These are the first flowers to greet us in the spring, their pretty drooping snow-white blossoms appearing in March, a few days ahead of the Scilla Sibirica, with which they form a charming contrast. They are also charming for house culture in pots, blooming usually at Christmas. The Giant Snowdrops we offer are much superior to the common variety, producing larger flowers.

Giant Snowdrop Elwesii—A very large, tall variety; fine for cutting; flowers three times the size of ordinary single Snowdrops and sweet-scented. Price, 2 cents each; 15 cents per dozen; 90 cents per 100, by mail.

Giant Double Snowdrop—Price, 3 cents each; 25 cents per dozen; \$1.25 per 100, by mail.

HOOP PETTICOAT, or "BABY" NARCISSUS

Bulbocodium—Exceedingly pretty flowers, of a rich citron-yellow. It is a gem for pot culture and edging, and bears from six to twelve flowers to each bulb. Price, 6 cents each; 60 cents per dozen.

"Hoop Petticoat" or "Baby" Narcissus.

ORDER EARLY and PLANT EARLY

Our Bulbs are usually all sold out by December 1st. To bloom well in the spring, Hyacinths, Tulips, Narcissus, etc., must be planted in October.

Giant Elwesii Snowdrop.

SINGLE NARCISSUS

—OR—

DAFFODILS

These charming, graceful flowers are prime favorites for early blooming in the garden. They are bright and hardy (except the Polyanthus sorts), and nearly all are most deliciously fragrant. Of easy culture, they are equally satisfactory for potting and for the open bed and borders.

TWO NEW LARGE WHITE NARCISSUS

Albicans (Moschatus)—A very large, handsome flower. Petals pure white, long trumpets of pale cream-white. Very novel and beautiful. Price, 6 cents each; 60 cents per dozen.

Mrs. Langtry—Pure white perianth, broad and overlapping; large white cup, edged bright canary-yellow; free bloomer, and exquisite as a cut flower. Price, 4 cents each; 35 cents per dozen.

TWO NEW LARGE YELLOW NARCISSUS

Golden Spur—Large, spreading, full, deep yellow perianth; trumpet golden-yellow. A charming, richly-perfumed flower, and one of the very best of the Golden Trumpets. Price, 6 cents each; 60 cents per dozen.

Emperor—One of the finest Daffodils in cultivation; entire flower of the richest yellow, trumpet of immense size, and the petals of the perianth are so broad they overlap, and measure three and one-half inches across. Grand for cutting. Price, 6 cents each; 60 cents per dozen.

TWO NEW LARGE YELLOW AND WHITE NARCISSUS

Empress—Perianth snow-white, trumpet rich yellow, serrated and flanged at the edges, large in outline, and of rare beauty for cutting. Price, 6 cents each; 60 cents per dozen.

Stella—One of the first to bloom; flowers star-shaped; pure white with yellow cup; large, wonderfully free-blooming and one of the very best for general decoration or for cutting. Price, 3 cents each; 30 cents per dozen.

NOVELTY NARCISSUS COLLECTION

SPECIAL OFFER—One each of the above six New Narcissus for **25c.**

SINGLE OR TRUMPET NARCISSUS

Single Von Sion, or Trumpet Major—Flowers large and almost a deep golden; highly prized as an early forcing sort. Price, 4 cents each; 35 cents per dozen.

Princess—Very early. This is one of the most popular winter-flowering and forcing varieties grown. Flowers large, perianth sulphury; an immense, rich yellow trumpet. Price, 3 cents each; 30 cents per dozen.

Early Trumpet—A brilliant yellow flower, rather small, but valued for its extreme earliness. Price, 3 cents each; 30 cents per dozen.

GLORY OF THE SNOW

Chionodoxa Luciliae—One of the most lovely hardy flowering spring bulbs, producing lovely azure-blue flowers with pure white center. It is one of the earliest of all flowers, blooming before the Crocus. Price, two for 3 cents; 15 cents per dozen; \$1.25 per 100, by mail.

SPRING SNOWFLAKE

(*Leucojum Vernalum*.)

Pretty bulbous plants allied to the Snowdrop, but of much stronger and bolder habit, growing in rich soil from one to two feet high, and producing freely beautiful large white flowers distinctly tipped with green; excellent for cutting. When once planted they take care of themselves, and should have a place in all hardy collections; can also be grown in pots. Price, 3 for 5 cents; 25 cents per dozen; \$1.50 per 100.

Try planting Scillas, Snowdrops, Chionodoxas and Snowflakes between the bulbs in your Tulip, Hyacinth or Narcissus bed. They carpet the ground with bloom before the larger flowers bloom and the effect is beautiful.

Emperor and Empress Narcissus.

DOUBLE PEERLESS NARCISSUS

or *Camellia-Flowered Daffodil*

Incomparable—"Butter and Eggs." Full double flowers of rich yellow, with orange nectary. Splendid forcing variety. Price, 4 cents each; 40 cents per dozen.

Sulphur or Silver Phoenix (Codlins and Cream.)—Creamy-white, with pale sulphur center. Considered the finest of the double sorts. Price, 6 cents each; 50 cents per dozen.

Alba Plena Odorata—The double white Poet's Narcissus. Snow-white; Cape Jessamine like flowers, exquisitely scented; fine for forcing. Price, 3 cents each; 30 cents per dozen.

Double Von Sion—"The True Double Yellow Daffodil." Rich golden-yellow perianth and trumpet. This is the old favorite so highly prized in old-fashioned gardens. It is as handsome as ever, and deserves to be planted in quantity where it can remain undisturbed for several years; it will then thrive and bloom in increasing profusion every spring. It is also one of the best winter-flowering. Mammoth bulbs, producing two or more flowers, 6 cents each; 50 cents per dozen.

Plant a permanent bed of Narcissus, and fill it in with Petunias or Pansies for the summer, which will give you a flower bed in bloom eight months of the year. Write for prices on Narcissus in quantity.

Japanese Iris.

ANEMONES

Very beautiful and brilliant spring-flowering bulbs, which should be found in all gardens. Fine colors, such as brilliant scarlet, red, blue, rose, striped carnation, etc. For pot culture they are very fine.

Single—Mixed colors. Price, 3c each; 25c per dozen.

Double—Mixed colors. Price, 4c each; 35c per dozen.

The Bride—An exquisite pure white, single flower of waxy texture, very large. Price, 4c each; 35c per doz.

IRIS

(Flowering Flag—Fleur-de-Lis)

GERMAN IRIS

These magnificent Iris are among the most beautiful of our summer-flowering plants, and are becoming more popular every season. They commence blooming about the middle of June and continue for five or six weeks. While the Iris succeed in almost any soil and condition, they delight in a rich, deep, moist position, and should be abundantly supplied with manure and water. Price, 10 cents each; twelve for \$1.00.

ENGLISH IRIS

Large, handsome flowers, with rich purple, blue and lilac colors predominating; grows eighteen to twenty inches high; perfectly hardy; mixed varieties. Price, 4 cents each; 35 cents per dozen.

IRIS HISPANICA—Spanish Iris

This is a most charming dwarf Iris, suitable for planting in beds or for pot culture. They furnish a most brilliant mass of color, and nothing more effective can be planted in the border. Flowers like beautiful Orchids.

Chrysolora—Yellow, rich in coloring and marking.

Darling—Dark blue; very fine.

Blanche Superbe—White; lily-like.

Louise—Sky-blue, with pearl-gray shading.

Price, three for 5 cents; 20 cents per dozen.

Mixed Spanish Iris—Price, 15 cents per dozen; \$1.00 per 100.

PEACOCK IRIS

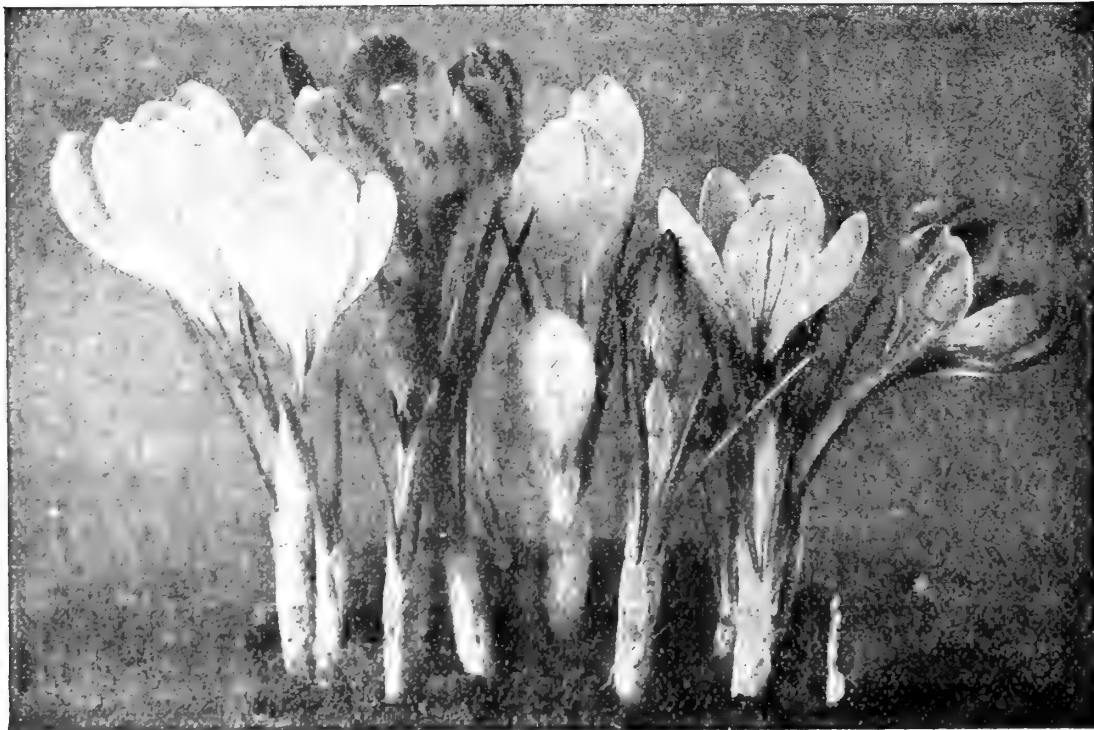

Iris Pavonia—(Peacock Iris.) This beautiful Iris is very attractive. It is a sky-blue color, with a peacock eye of dark blue on each side of the petals. It is certainly a gem. Price, two for 5 cents; 25 cents per dozen.

JAPANESE IRIS

Iris Kaempferi Grandiflora—These magnificent Iris are among the most beautiful of our summer-flowering plants, and are becoming more popular every season. They commence blooming about the middle of June, and continue for five or six weeks. Many of the flowers measure from ten to twelve inches in diameter, and rival the Orchids in their rich colorings. The prevailing colors are white, crimson, rose-lilac, lavender, violet and blue. Each flower usually contains several shades, while a golden-yellow blotch at the base of the petals intensifies the wealth of coloring. While the Iris succeeds in almost any soil and condition, it delights in a rich, deep, moist position. Price, double and single flowered, named varieties, 25 cents each, postpaid; ten distinct sorts for \$2.00 by express.

CROCUS

The Crocus is one of the first flowers of spring and one of the best for blooming in the house during the winter. They bloom splendidly when planted on the lawn among the grass. They lift their bright heads up through the sod very early, and give the lawn a charming aspect. The sorts we offer are strong and fine.

GIANT NAMED CROCUS

Mont Blanc—Purest white, very large flower.

Dandy—Blue; a good sort.

Walter Scott—Striped; large.

Argus—Fine, striped.

Large Yellow—Large flower of most brilliant yellow.

Queen Victoria—Beautiful large, pure white.

Prince Albert—A charming blue.

Cloth of Gold—Deep yellow, with brown shadings.

Cloth of Silver—Light, delicate blue striped.

Price, any of above named sorts, 12 cents per dozen; 75 cents per 100 by mail. By express, 60 cents per 100.

Mixed Giant Crocus, price, 10 cents per dozen; 60 cents per 100 by mail. By express, 50 cents per 100.

Crocus, Mixed, All Colors, 8 cents per dozen; 50 cents per 100 by mail. By express, 40 cents per 100.

SCILLAS (Squills, or Wood Hyacinths)

Scilla Sibirica.

Scilla Siberica Alba—(White.) A new pure white flowering variety, very beautiful. Very free flowering and just like the blue Scilla except in color. Fine for cemetery planting. Price, three for 10 cents; 35 cents per dozen; \$2.50 per 100.

Scilla Campanulata Rose—(Pink.) This is a pink variety of the Spanish Blue Bell. A beautiful early spring flower, spikes of delicate rose colored bells. Fine for planting around the base of trees. Price, two for 5 cents; 25 cents per dozen; \$1.50 per 100.

Special Offer One Dozen Scillas, 4 Blue, 4 Pink and 4 White, for 25 Cents

FRENCH RANUNCULUS

Among dwarf flowers these are unrivaled for lovely form and bright and attractive colors of white, crimson, yellow, purple, black, many of them being beautifully marked. They flower profusely in pots in the house during winter or in open border in spring. Price, 3 cents each; 25 cents per dozen.

Roman Hyacinths.

ROMAN HYACINTHS

We wish to call special attention to these beautiful white Roman Hyacinths, which are so valuable for early winter blooming. They are among the few flowers which can be had as early as Christmas and New Years. Three can be planted in a four-inch pot, which, when in bloom, form a mass of waxy bells of unrivaled beauty and fragrance. Each bulb throws up several flower spikes. Don't fail to plant a quantity of them.

Single White Roman—The most popular of all. Every window should have several pots of these. Exquisite bells, white as the driven snow and pleasantly fragrant. Never fails to bloom. Price, 5 cents each; 50 cents per dozen.

Single Pink Roman—Exquisite delicate pink; very charming for early flowering in the house. Price, 5 cents each; 50 cents per dozen.

Single Blue Roman—Clear pale sky-blue; fine in contrast with white and pink. Price, 5 cents each; 50 cents per dozen.

CAMASSIA ESCULENTA (Mountain Hyacinth.)

A fine hardy plant, thriving best in a partially shaded situation. Produces beautiful spikes two feet tall, which bear twenty or more clear, rich blue flowers. Fine either to bloom in the house in winter or in masses in the garden in early spring. Price, 4 cents each; 20 cents per dozen; \$1.25 per 100.

Hyacinth Azureus (February Hyacinth).

GRAPE HYACINTH

This charming little gem should be found in every garden in abundance. It has been termed the "Blue Lily of the Valley," and when planted in a mass with that sweet flower it does resemble it to some extent, and forms a most fascinating combination.

Blue—Price, four for 5 cents; 10 cents per dozen; 60 cents per 100.

White—Price, three for 5 cents; 20 cents per dozen.

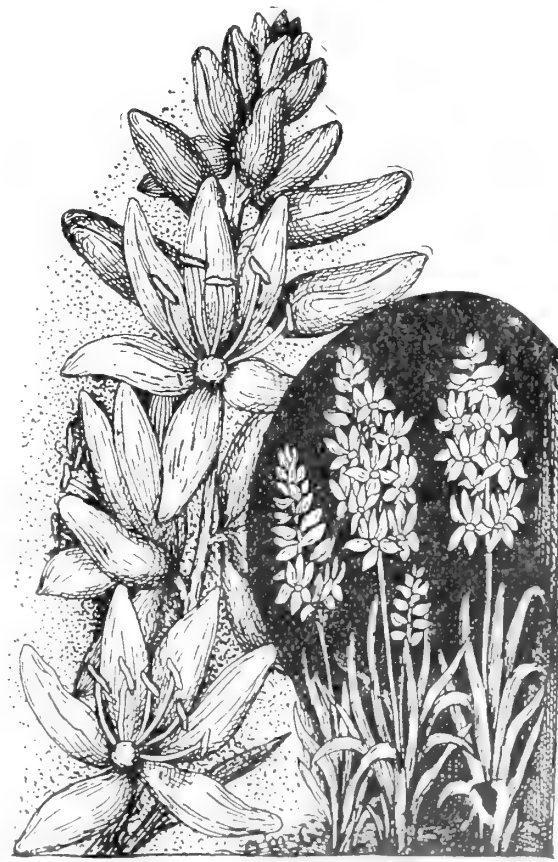

HYACINTH AZUREUS

(The "February" or "Heavenly Blue" Hyacinth.)

A new variety of the Grape Hyacinth type, but much improved. Color a clear blue, lighter than the common Grape Hyacinth. Greatly valued, because it is in full bloom in February, in the open ground. Price, 4 cents each; 25 cents per dozen; \$1.75 per 100.

FEATHER, OR COCKADE HYACINTHS

Of this elegant Hyacinth the spike of bloom resembles a feathery plume, and is of a fine blue color. The bloom first appears as a tassel about an inch or two long, of a rich blue color, but as it expands is marked with pink, and at the end of two months is developed into a beautiful plume six inches in length, of exquisite coloring—pink, violet and blue. Desirable for both house and garden. The bulbs rapidly increase and are perfectly hardy. We have secured a fine supply this season. Price, 3 cents each; six for 15 cents; twelve for 25 cents.

Camassia Esculenta.

Order Early! And Plant Early! Our Bulbs are usually all sold out by Dec. 1st. Send for our new catalogue Jan. 1st. We cannot fill orders for Bulbs sent us after Dec. 10th.

Single Oxalis.

IXIAS

The Ixias produce their beautiful flowers in spikes, and are of the most dazzling and brilliant colors and sure to attract great attention. For pot culture in the house they give great satisfaction. Plant in October (six to eight in a five-inch pot) in sandy loam, one inch deep, pressing the soil firmly over the bulbs, water sparingly until the flower spikes appear. They may then be brought to the light and given plenty of air, sunshine and water. Price, three for 5 cents; 15 cents per dozen.

SPARAXIS

These differ from the Ixias in their dwarf habit, time of flowering and brilliancy of coloring, ranging through the various shades of crimson, scarlet and white, mottled, striped and splashed in every conceivable manner. Cultivate as Ixias. Price, three for 5 cents; 15 cents per dozen.

ALLIUM NEAPOLITANUM

A very pretty winter-blooming bulb in the house. Its flower stems are twenty inches high, supporting a large cluster of delicate white flowers, which keep perfectly many weeks. Price, three for 5 cents; 15 cents per dozen.

ALLIUM AUREUM

(Molly, or Golden Allium.) One of our most showy border plants, perfectly hardy, bearing large umbels of golden-yellow flowers in June. A very old favorite, and fine for naturalizing in the garden, where it forms large clumps. Height, one foot. Price, three for 5 cents; 15 cents per dozen.

Allium Neapolitanum.

Amaryllis.

AMARYLLIS JOHNSONII

One of the most gorgeous bulbous plants grown. We have seen specimens of a few years' growth that completely filled a window. Nothing is more showy than this grand plant during late winter or early spring, bearing large flowers of intense crimson with a delicate white feather in each petal. Price 35c each.

Sprekelia Formosissima

(Mexican Scarlet Lily)—Any description would be inadequate to give a correct idea of the superb brilliancy of the flowers of this Lily. They are of a dark velvety-scarlet, shading to maroon and having a satiny-white stripe in the center of each petal. In form more graceful than any Lily we know of. If planted in the same manner as the Chinese Sacred Lily the blooms will appear much sooner, but will not last so long as when planted in earth. Price, 15 cents each; two for 25 cents; three for 35 cents.

Chinese Sacred Lily.

Bulbs Adapted for House Culture Only**OXALIS**

Admirably adapted to house culture and nothing is prettier for window plants, as they flower freely. Plant in pots, six or eight bulbs in a pot, and cover about one inch deep.

Bowell—Vivid rosy-crimson, large flower, remarkably fine. Price, three for 5 cents; 15 cents per dozen.

Versicolor—Rose and white; delicately beautiful. Price, four for 5 cents; 10 cents per dozen.

Cernua Flora Simplex—Fine single yellow. Price, three for 5 cents; 20 cents per dozen.

Double Yellow—Flowers like a double lemon colored Geranium. Price, two for 5 cents; 30 cents per dozen.

Mixed Oxalis—Fine bulbs in mixed colors, which will make a very pretty effect when planted together. Price, four for 5c; 10c per dozen.

THE BERMUDA BUTTERCUP OXALIS

This is one of the finest winter-flowering plants for pot culture that we have ever seen. The flowers are of the purest buttercup yellow. When grown in a partially shaded situation the flowers remain open all the time. Properly treated, the plant will flower in six weeks from the time the bulbs are planted. Price, 5 cents each; six for 25 cents.

Chinese Sacred Narcissus

Oriental Lily or "Joss Flower"—The most satisfactory of all winter-blooming bulbs. No home should be without one. Nothing is easier cared for or gives as great an abundance of deliciously-scented bloom. Fill a bowl or similar vessel with pebbles, in which place the bulb, setting it about one-half its depth, so that it will be held firmly, then fill with water to the top of the pebbles, and place in a warm, sunny window. The bulb will at once commence rapid growth and bloom in four or five weeks. The bulbs are so large and have so much vitality they can be kept perfectly dry all winter, and be planted any time when the flowers are desired. Price, extra size, 12c each; five for 50c. By express, \$1.00 per doz.

WHITE CALLA LILY

This is the old White Calla that is so well known that it needs very little description. The foliage is a beautiful deep green and flower a pure white and perfect form. Price, good bulbs, 10 cents each; extra large bulbs, 20 cents each.

CALLA RICHARDIA (Spotted Calla)

The Richardia Alba, or Spotted Calla, is a plant of magnificent appearance. The leaves are of the richest green, spotted with pure white; the flowers are white, with a rich chocolate throat. It can either be grown in a pot, planted in a border, or in a vase or rustic stand, the latter being a very effective way of showing its beauty. Price, 10 cents each; large bulbs, 20 cents each.

DWARF CALLA "GEM"

Flowers the same shape as the White known as the Calla Lily, the only objection to the old variety is that it sometimes grows tall and scraggy; but the "Gem" is of strong and dwarf habit. The foliage is of a lustrous dark green, is produced in great abundance. Its flowers are produced in the greatest profusion, being literally an ever-bloomer. Price, 15 cents each; two for 25 cents.

THE YELLOW CALLA

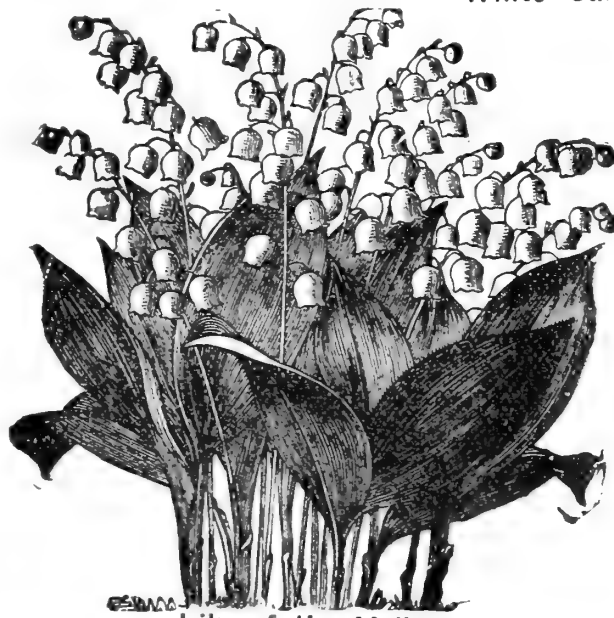

(Calla Hastata.) Flowers the same shape as the White Calla and growth a little dwarfer. Color a clear lemon-yellow. Price, 25 cents each; two for 35 cents.

THE GREAT DRAGON ARUM (Black Calla)

This plant has the honor of producing the largest flower of any plant that is hardy in this country. They are simply enormous. The leaf stems and flower stalks are all spotted with purple, like an adder, and upon the tops of the latter opens a flower of gigantic size and curious color. On the outside it is of a light green color, while the inside is of a deep red-purple. The spadix in the center of the flower is of a glossy, purple-black color. Price, good bulbs, 15 cents; extra large bulbs, 25 cents each.

LILY OF THE VALLEY

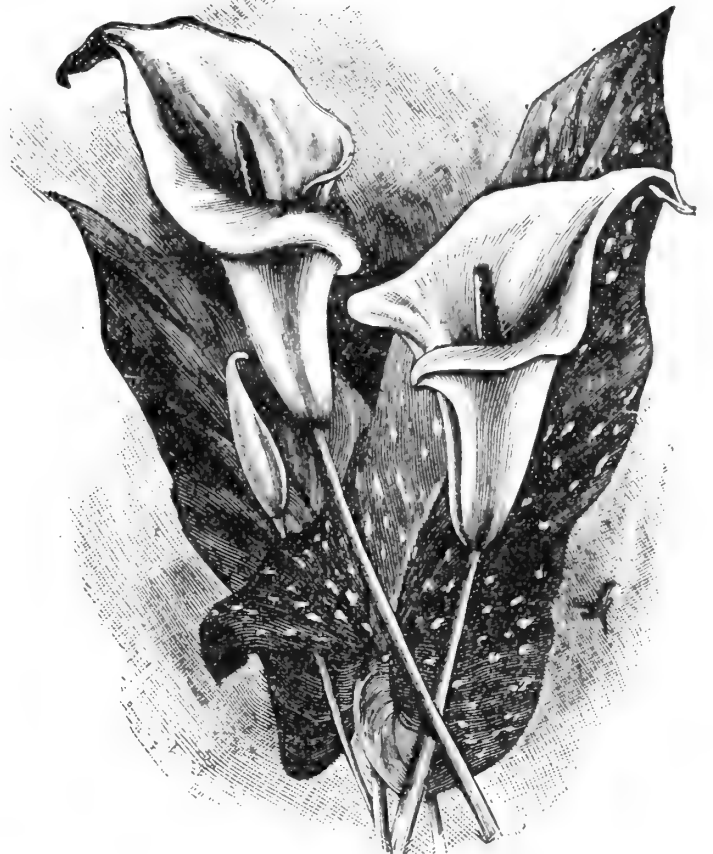

Too well known to need any special description. Everyone knows their value for outdoor blooming, but all do not realize that their sprays of fairy bells can be obtained in winter just as easily. If you wish them for Easter, start them in February. We can supply the bulbs all winter. Price, 5 cents each; 50 cents per dozen.

White Calla and Spotted Leaved Calla.

FINE MIXED GLADIOLI

Our mixed Gladioli embrace a magnificent variety of beautiful colors, all the poorer sorts having been discarded when in flower. The spikes of bloom, richness and brilliancy of color are out of all proportion to the trifling cost. Price, extra fine mixed, of all colors, three for 10 cents; 30 cents per dozen, or \$2.00 per hundred, postpaid; by express, \$1.75 per hundred.

THREE BEAUTIFUL FREESIAS

REFRACTA ALBA

For winter-blooming in the house it is most popular. The splendid blossoms are borne in great profusion; color cream-white, the lower petals touched with yellow. The perfume is delicious. Four to six bulbs can be planted in a five-inch pot, box or pan, and grown like other bulbs. By planting at intervals from September to November, a succession of flowers can be had throughout the winter. We offer the largest and finest bulbs. Price, 3 cents each; six for 15 cents; twelve for 25 cents; thirty for 50 cents.

THE NEW WHITE FREESIA, PURITY

A grand Freesia, and no one should be without a few bulbs of this delightful novelty. Flowers which are snowy-white, of large size, are borne in great profusion on long stems which grow upright and stiff; are excellent for cut-flower purposes. Price, 5 cents each; six for 25 cents; 40 cents per dozen.

LEICHTLINII MAJOR (The Yellow Freesia)

This has charming, large primrose-yellow flowers marked with orange blotches and very fragrant. Price, 4 cents each; six for 20 cents; 35 cents per dozen.

SPECIAL OFFER

Two Each of the Three Freesias, White, Yellow, and Cream color, for 20 Cents.

LILIES

LILIUM SPECIOSUM RUBRUM or ROSEUM

Large, wide flowers, recurving more or less at the tips. Among the showiest of all Lilies, and perhaps the most robust and the most radiantly beautiful. Very fragrant and hardy; lovely rose and white, spotted crimson. Price, 20 cents each. Ready about November 20th.

LILIUM SPECIOSUM MELPOMENE

A very large, magnificent flower. Rich blood crimson spots on delicately tinted pink petals; much darker and richer in color than Rubrum. Price, 20 cents each. Ready about November 20th.

LILIUM SPECIOSUM ALBUM

A variety of the above, with broad, flat stems and immense heads of flowers; pure white and very fragrant; petals gracefully recurved; a very fine sort. Price, 20 cents each. Ready about November 20th.

LILIUM LONGIFLORUM

A variety bearing in clusters beautiful snow-white trumpet-shaped flowers of rare fragrance; almost exactly *Lilium Harrisii* in shape, but blooms later, extending the season of that beautiful kind. Price, 20 cents each. Ready about November 20th.

LILIUM TIGRINUM FLORE PLENO

Double Tiger Lily—This is a plant of stately habit, growing from four to six feet high, bearing an immense number of double bright orange-red flowers spotted with black. Price, 15 cents each. Ready about November 20th.

LILIUM AURATUM

Golden-Rayed Queen of Lilies—The grandest Lily Grown, and a never failing delight. The perfume is exquisite—light, yet penetrating. Magnificent by daylight, but by moonlight a well grown plant, carrying five or more blooms, is simply indescribably beautiful. Also known as "Gold-Banded Lily from Japan." Price, 20 cents each; mammoth bulbs, 30 cents each. Ready about November 20th.

LILIUM TENUIFOLIUM

Coral Lily—Bears in profusion medium-sized flowers of perfect form and of a dazzling coral red. A beautiful and graceful Lily. Price, 20 cents each. Ready about November 20th.

SPECIAL OFFER—Your choice of the above named Lilies, three of the 20-cent size for 50 cents.

LILIUM CANDIDUM

Annunciation or Madonna Lily—This is one of the most popular of garden Lilies. The flowers are pure snow-white and very fragrant, borne on long stems. To succeed with it, it should be planted early in the autumn, so that it can make some growth before frost; give the bulbs a light dusting with powdered sulphur, and do not cover with more than two inches of soil. They may remain undisturbed for years and thrive well. Price, 15 cents each; four for 50 cents. Ready in September.

LILIUM HARRISII

Bermuda Easter Lily—This magnificent Lily is undoubtedly the best for winter forcing, as it comes quickly into bloom. The flowers are trumpet-shaped, pure white, gracefully formed and delightfully fragrant. The bulbs should be potted in early fall in rich soil, and the pots plunged in sand, where they should be allowed to remain until the approach of cold weather. The freedom with which the flowers are produced is truly remarkable; even the smallest bulbs blooming freely. Price, 20 cents each; three for 50 cents. Ready in September.

SPECIAL NOTICE

Many of the finest Lily bulbs come from Japan and are not received in this country until November. They can not be obtained earlier as the bulbs are not shipped until fully matured. Where bulbs are offered for sale earlier than the latter part of November, they are bulbs which have been kept in cold storage and thereby have lost much of their vitality and will not grow as well as fresh bulbs. Therefore, we advise the preparation of the Lily beds or borders early in autumn, covering them with four to six inches of leaves or litter of any kind. This will keep them open and admit of the planting of the bulbs even if not received until December.

EXTRA LARGE HARDY FIELD GROWN ROSES EXTRA LARGE

An opportunity to secure Extra Large Roses; all perfectly hardy, DORMANT AND ALL ON OWN ROOTS.

Especially suitable for Fall planting.

The persistent demand for extra large, hardy, dormant field grown Roses for fall planting in open ground has led us to offer them. The list embraces the finest varieties of hardy Roses, each one famous the world over. The plants are extra large and heavy, ranging in height from one and one-half to three feet, according to variety; thoroughly dormant, true to name, perfectly hardy in all localities. These Roses can be set out at any time, up until severe freezing weather, while it is possible to dig the ground, and by giving the roots light protection they will come safely through the most severe winters, yielding a magnificent supply of flowers next season. These Roses, like trees, make roots during winter, hence fall planting of this kind of stock always gives splendid satisfaction.

Anna de Diesbach (Glory of Paris.) The seed parent of that glorious variety, Paul Neyron; effective evidence of its good qualities. The color is of the most lovely brilliant carmine; long, pointed buds and large, finely formed, compact flowers, very full and double and delightfully sweet. A vigorous and fine bloomer.

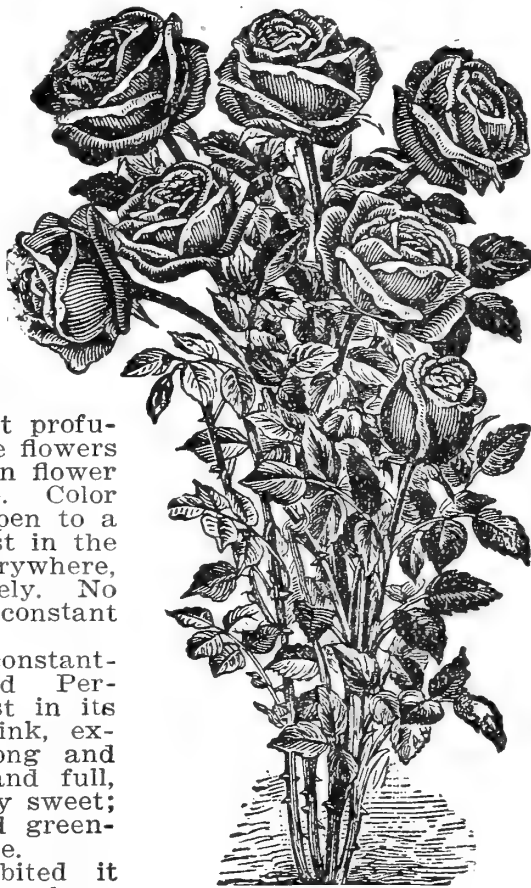

Gloire de Lyonaise It makes a strong, upright bush, with beautiful, deep green foliage; is practically thornless. While a Hybrid Perpetual, it blooms almost as freely as a Hybrid Tea, bearing in the greatest profusion large, pointed buds and massive flowers on long, stiff heavy shoots; the open flower is enormous, full deep and double. Color rich creamy-white, passing when open to a pale shade of salmon-yellow, deepest in the center. It is absolutely hardy everywhere, and we ask that you plant it freely. No matter where you live it will be a constant source of delight.

Mrs. John Laing An elegant new constant-blooming Hybrid Perpetual Rose; one of the very finest in its class; color a clear, bright shell-pink, exquisitely shaded; the buds are long and pointed, the flowers extra large and full, borne on long stems and exceedingly sweet; valuable both for open ground and greenhouse culture; a most exquisite Rose.

Margaret Dickson Wherever exhibited it has received first honors. The flower is of magnificent form, very large in size, almost as large as Paul Neyron, the largest of Roses; color is a pure waxy-white, without spot or blemish; petals large, well shaped and of fine substance. It is a strong, vigorous grower with fine foliage and a free bloomer.

Price, 40 cents each, the full collection of eight Roses for \$2.50, purchaser paying express charges (or prepaid anywhere in the United States for \$3.00). Safe delivery guaranteed.

REMEMBER—With every collection of these Roses at \$2.50 (or \$3.00 prepaid), we send with the plants free, a copy of McGregor's Guide to Floriculture. This book will give you full planting directions and information as to their care during winter, etc.

Prince Camille de Rohan This is a magnificent Rose, celebrated the world over for its large, handsome, fragrant flowers and the freedom with which they are produced. Color is a deep, rich velvety crimson, passing to intense maroon, shaded black; at a short distance they appear really black. One of the handsomest Roses we have ever seen.

Paul Neyron We ask special attention to this grand Rose; flowers are immense; probably the largest and finest Rose; bright, shining pink; clear and beautiful; very double and full; finest scented; blooms the first season and all summer.

Frau Karl Druschki This magnificent variety has taken first prizes at all the great flower shows of Europe, and is undoubtedly one of the grandest hardy pure white Roses ever introduced. Makes splendid buds and immense flowers, four to five inches across, perfectly double and delightfully fragrant; large, thick petals, very durable and handsome; bright, shining green leaves, elegantly veined; a healthy, vigorous grower, entirely hardy and a constant and abundant bloomer.

Gen. Jacqueminot Famous the world over as one of the most magnificent Hardy Crimson Roses ever introduced. It is a strong, vigorous grower, entirely hardy, an early and abundant bloomer, and both buds and flowers are considered models of perfection, and its brilliant, shining crimson color is the standard of color by which other Roses are judged. In fact, it is almost unequalled in beauty of form and brilliant intensity of color.

LARGE
OWN-ROOT

FIELD GROWN CLIMBING ROSES

(Especially suitable for Fall planting.) We have an extra nice lot of the following Ramblers and other Climbers; heavy plants with large canes, and plants that will make a good showing next season wherever planted. Fine for Porches, Verandas, Trellises, Hedges, etc.

The New Crimson Rambler, Philadelphia Color pure, deep, rich crimson, far brighter and more intense than the old "Crimson Rambler," which has heretofore been the standard for brilliant color. Has handsome foliage, does not mildew, and is a most abundant bloomer. Undoubtedly the brightest and best of all Hardy Crimson Climbing Roses yet introduced. Extra large, field-grown plants, 50c each; two for 90c; six for \$2.50; twelve for \$4.50, by express only. Extra heavy plants, \$1.00 each; \$7.50 per dozen.

The Popular Crimson Rambler The plant is of a very vigorous growth, making shoots from eight to ten feet during the season, rendering it a charming pillar Rose. Also magnificent in bush form, and for covering buildings, trellises, etc., cannot be excelled; color of the brightest crimson. Foliage is bright green and glossy; contrasts finely with the bright crimson of the flowers. Price, large plants, field-grown, with canes three to five feet, 50c each; two for 90c; six for \$2.50; twelve for \$4.50.

Dorothy Perkins Beautiful shell-pink. Rapid grower, frequently developing shoots from ten to fifteen feet long in one season. Hardy, withstanding the severest winters without injury.

Blooms in clusters like Crimson Rambler, but the flowers are more double and larger. Price, large field-grown plants, 50c each; \$4.50 per dozen. Extra heavy plants, 75c each; \$6.00 per dozen.

Rambler Rose, Lady Gay This is a new variety, a seedling from the popular Crimson Rambler, which it closely resembles in habit of growth and general effect. Flowers of a delicate cherry-pink, gradually changing to a soft-tinted white. Strong, vigorous grower with profuse, glossy, deep green foliage. Price, large field-grown plants, 50c each; \$4.50 per dozen. Extra heavy plants, 75c each; \$6.00 per doz.

The Beautiful and Bountiful Bloomer, Prairie Queen

Flowers very large and of peculiar globular form. Bright, rosy-red, changing to lighter as the flower opens. Of very strong, rapid growth. Price, large field-grown plants, 50c each; \$4.50 per dozen. Extra heavy plants, 75c each; \$6.00 per dozen.

Baltimore Belle Pale blush, variegated carmine, rose and white, very double. Flowers in beautiful clusters. Price, large field-grown plants, 50c each; \$4.50 per dozen. Extra heavy plants, 75c each; \$6.00 per dozen.

NOTICE—All Field-grown Roses on this page are too large to be sent by Mail. Can be sent by Express only.

DO NOT FORGET TO PROTECT YOUR ROSES

If you plant out Roses in the yard this fall, after the leaves have fallen, give the beds a covering of manure, straw, cedar boughs, corn fodder, leaves or street sweepings, enough to keep the roots from freezing, but still not to smother the plants. In very cold localities it sometimes pays to wrap the entire bushes in straw or bend them down to the ground and fasten them to stakes driven for the purpose; or cover with boards, as the principal object is to keep the plants dry and from the freezing and thawing at times of storms of sleet and rain. But the matter of protection is not such a serious problem these days when good new Rose plants can be obtained at a very low price. Many people feel that the blossoms produced the first season are worth many times the cost of the plants, and so buy new ones each year.

WINTER BLOOMING ROSES

The Best Roses

For Winter Blooming will be found on this page.

Palms & Decorative Plants

class of plants, and there is nothing so satisfactory for winter decoration for the conservatory, hall or living room. Almost anyone can succeed with the varieties offered on this page. They are of easy culture, thriving best in a light, airy room and watered moderately and the leaves sponged with water every week or so. Complete directions for handling plants under above heading will be found in McGregor's Guide to Floriculture, free with an order amounting to \$2.00.

Cycas Revoluta—(Sago Palm.) The Cycas makes a magnificent specimen plant, and is one of the most valuable plants grown for the decoration of the lawn or house. Their heavy, glossy, deep green fronds resist alike the gas, dust and cold to which decorative plants are frequently exposed. Price, nice, small, shapely plants, 35, 50 and 75 cents; six to eight leaves, \$1.00 each; eight to ten leaves, \$1.50; ten to twelve leaves, \$2.00. Bulbs increase in size each year and leaves double in size and number.

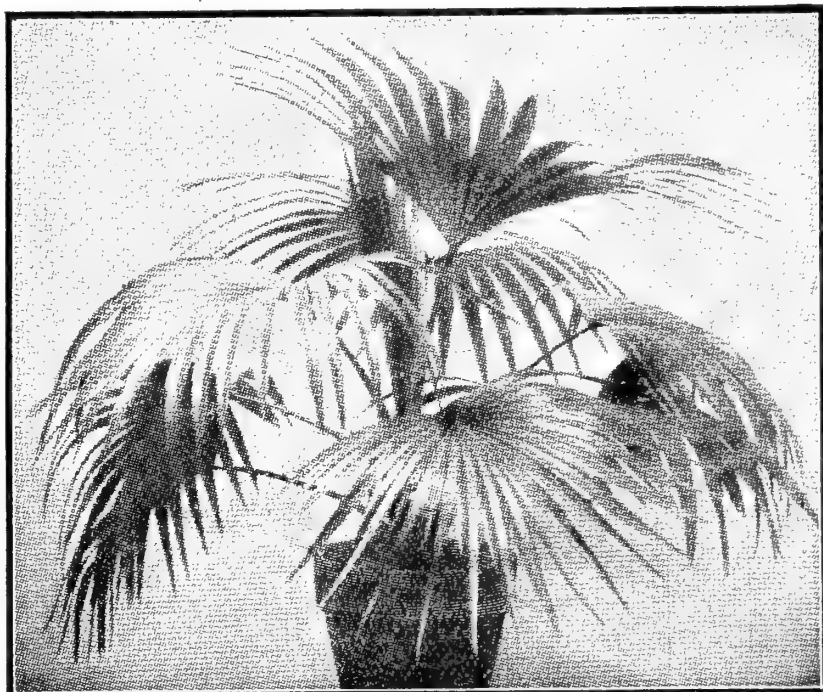

Areca Lutescens—One of the most valuable and beautiful Palms. Its dark, glossy green leaves are gracefully curved on slender stems and the entire foliage is gracefully disposed; the trunk and stems are golden-yellow. Price, nice specimen plants, 50 cents each and \$1.00 (by express only).

Areca Lutescens.

Cocos Weddelliana—The most elegant and graceful of all the smaller Palms. Its slender, erect stem is freely furnished with graceful arching leaves of a rich green color. The Cocos are admirable for Fern dishes, as they are of slow growth and maintain their beauty for a long time. Price, 35 cents each, by express.

Phoenix Canariensis—(The Canary Island Date Palm.) No other Palm has gained so speedily in public favor the last few years as this handsome habitue of the Canary Islands. This Palm belongs to the pinnate class, which means that its branches are feather-shaped. These branches are long, gracefully arched, and are borne in luxuriant abundance. Small plants, 15 cents each, postpaid. Large size, \$1.00 each, by express.

Latania Borbonica—Leaves large, fan-shaped, of a very cheerful green color; plant of hardy constitution, and adapted to all decorative purposes within or without doors; appreciated by all the plant-loving community. The cut shows a healthy plant about four years old. Nice young plants, 10 cents each; large plants, 20, 30 and 50 cents; large specimen plants, \$1.00 by express.

Phoenix Reclinata—A fine decorative Palm, with long, pointed leaves, similar to Canariensis; one of the finest vase plants, particularly for indoor decoration. It is of very robust habit, and is very easily grown. Price, only small size, 15 cents each, postpaid.

Kentia Belmoreana—This variety is one of the best in its class; graceful habit, bright green foliage gracefully disposed. As a decorative plant for the window, dinner table or conservatory it scarcely has an equal. Price, small plants, 25 cents each; larger size, nice plants, 50 cents and \$1.00 each, by express.

Kentia Forsteriana—This is one of the finest pot plants of any of the Palm family. The leaves are a deep, glossy green, fan-shaped, split deeply into segments. Scarcely has its equal. Price, 50 cents and \$1.00 each; large plants, \$2.00, by express.

Dracena Terminalis—(The great Crimson-Foliaged Plant for the House.) Rich crimson foliage, marked with carmine-pink and creamy-white. Price, fine plants, 25 cents each.

Ficus or Rubber Plant—Again this year we have to offer a fine lot of Rubber Plants, which we have grown the past spring and summer. Price, nice small plants, 35 cents each; large plants, 50c, 75c and \$1.00 each, by express.

Cyperus Alternifolius—(Umbrella Plant.) Ornamental grass. Splendid for the center of vases or as a water plant. Price, 10 cents each, postpaid.

Aspidistra Variegata—A very useful decorative plant; will succeed in any position; an excellent hall or corridor plant. Variegated, the foliage being striped with white. Price, 75 cents and \$1.00 each, by express.

DECORATIVE FERNS For the House and Conservatory

These beautiful plants for home decoration vie with the Rubber Plants for first place in the esteem of flower lovers. They are finely cut and sometimes oddly shaped. Fronds have a graceful effect produced by few other plants. With practically the same care as given flowering plants they do exceedingly well in the parlor and conservatory. The Ferns of the Pteris family do as well as the Sword Ferns; the best varieties for the house are to be found in the Pteris family. The Nephrolepis family, of which the well known Boston is a member, has furnished us so many beautiful species of late years and are succeeding so well that this family is steadily growing in popularity. The varieties we list on this and the following page are all recommended for indoor growing in pots as specimens or for ferneries for table decoration.

NEPHROLEPIS WHITMANII—(See cut opposite at top of page.) We never sold a Fern that has created so much favorable comment as the Whitmanii. It seems to delight in hot weather and hence seems to be perfectly at home here in the summer. Combining all the graceful pluminess and charm of Elegantissima, with additional features of shape, size and growth that give it distinguishment and added commercial value. Whitmanii is of dwarfer growth, but equalizes matters by compactness and a wider, stockier shape. The fronds, although even more fine cut, are more erect, and have proved less liable to revert to the original Boston type. Price, nice young plants, 15c each; larger plants, 25 and 50c each, postpaid. Specimen plants, 75c.

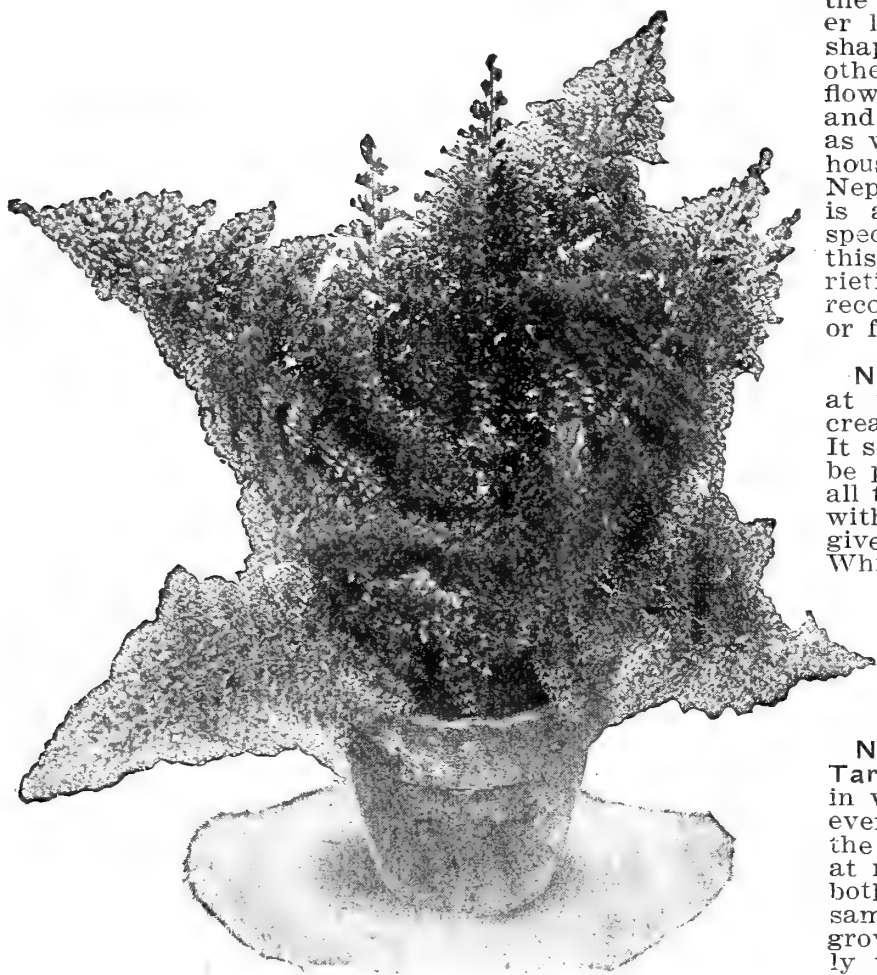

NEPHROLEPIS PIERSONI ELEGANTISSIMA or Tarrytown—This is a sport from the Pierson Fern, in which the plummy peculiarity of the original form is even more distinctly developed than in the original, the side pinnae being again subdivided and standing at right angles to the direction of the midrib, makes both sides of the frond equally beautiful, while at the same time the plant is of much more compact habit, growing only one-half as tall, but with the fronds nearly twice as wide, making it a much more desirable plant for all purposes. Price, nice young plants, 15c each; larger plants, 25 and 50c each, postpaid. Specimen plants, 75c.

NEPHROLEPIS SCOTTI—It is in essence a condensed form of the Boston Fern, with valuable characteristics added, which are not evident in the parent, an average plant in an eight-inch pot having 200 fronds. The fronds of the plant described average about twenty inches in length and three inches in width at the widest point; the pinnae are very closely set, so that they overlap, making a more finished frond than the parent. The plant in question has a spread of three feet. Plants in four-inch pots showed a spread of eighteen inches and a height of ten to twelve inches. It has a crispness and hardness about it which is superior to the parent, and because of the fact that its character is established in the smallest size, it should find ready sale at all grades. Price, nice young plants, 15c each; larger size, 25 and 50c.

NEPHROLEPIS EXALTATA BOSTONIENSIS (The Boston Fern.) This popular Fern has proved one of the best decorative plants of recent introduction. The fronds are much larger than in the common Sword Fern, and do not stand so stiff, but droop over in a graceful manner. Excellent for making large specimen plants, also very fine for hanging baskets. Strong and rapid grower. Price, nice young plants, 10c each; larger plants, 25 and 50c.

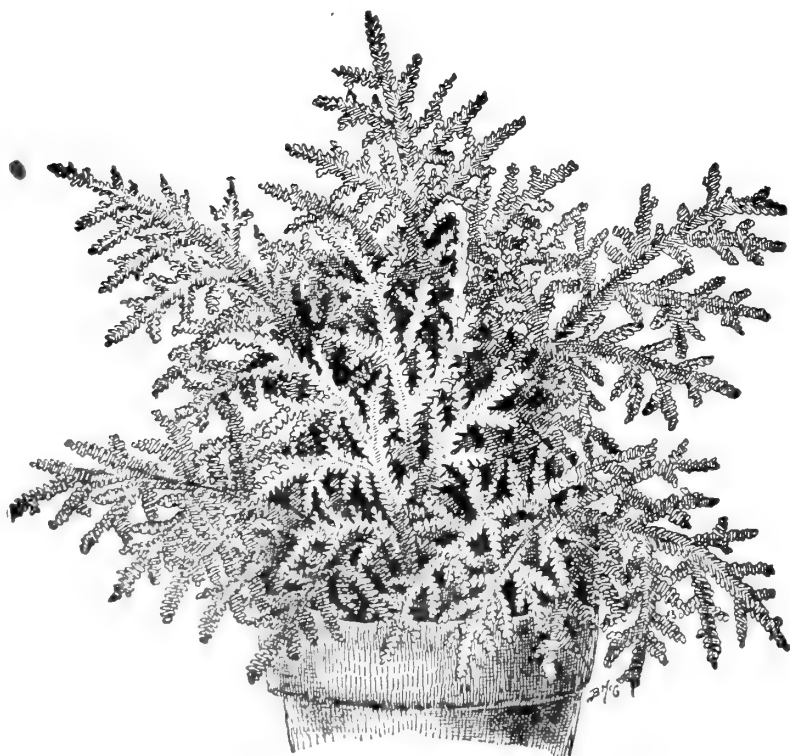

NEPHROLEPIS PIERSONI (Ostrich Plume)—An entirely new form of the famous Boston Fern. The fronds grow in the most luxuriant manner, the pinnae subdividing, making miniature fronds which are superimposed on the main fronds, looking as if two, or even three, were condensed in one. They are graceful beyond description—feathery, plummy, nothing describes them better than "Ostrich Plumes," which they very much resemble. Fronds arch over in wavy irregularity, delightful to the eye. Price, nice young plants, 15c each; larger plants, 25 and 50c.

ADIANTUM CUNEATUM GRANDICEPS, The Beautiful Maiden Hair Fern—A very beautiful form of A. Cuneatum, having long graceful fronds, with the ends of the fronds developed into bunching tasseled heads. Price, 10c each; three for 25c, postpaid.

Nephrolepis Whitmanii.

SELAGINELLA EMILLIANA—A new, upright-growing moss, with numerous feathery stems branching from the base and forming a dense tuft. Well grown plants attain twelve to eighteen inches in height. We know of no moss superior to it. We put this moss in with the page of Ferns as the character is very much like the Fern and is used with them in ferneries. Price, 10c each; three for 25c, postpaid.

Selaginella Emilliana.

The Beautiful Gold Fern of Australia

(*Gymnogramma Alstonii*)

This exceedingly novel and beautiful variety bears leaves of a dark green on the upper surfaces, while the under surfaces are richly covered with a deep golden farinose powder. It is a most striking plant when viewed from beneath, while from above the unfurling young fronds show the rich golden color. Be careful to avoid watering the foliage of this Fern, set the plant in water instead of watering on top. This is quite important in growing this variety. Price, 20c each.

Onychium Japonicum—A very beautiful Fern, having long, graceful fronds. The wiry texture of the leaf makes it keep a long time; very useful to cut for vases, etc. Price, 10c each; large size, 25c.

PTERIS ARGYREA (Silver Fern)—A very showy Fern, with variegated foliage; fronds large, light green, with broad band of silver-white down the center of each. Very distinct. We have a large stock of this beautiful Fern. Price, 15c each; large size, 25c each.

PTERIS CRETICA ALBO-LINEATA (Broad Leaved Silver Fern)—A very pretty and useful variegated variety distinctly showing the clear white variegation. A useful and easily grown Fern. Price, 15c each; larger size, 25c each.

CYRTOMIUM FALCATUM (Holly Fern)—We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is coarser than the Tremula Fern, yet it is very graceful and is becoming very popular. The leaf is a rich, glossy green, and each leaflet is about the shape and size of a rose leaf. The fronds are fine for cutting on account of their lasting quality. Price, 15c each; two for 25c.

ADIANTUM VENOSUM (Maiden Hair Fern)—A very beautiful form of A. Cuneatum, having long, graceful fronds, with the ends of the fronds developed into bunching tasseled heads. Very similar to Cuneatum Grandiceps, only having a little larger leaf, and stronger grower. Price, 10c each; three for 25c; large plants, 25c each.

PTERIS TREMULA (Shaking Fern)—The foliage of the Pteris varieties is large, very graceful. The slightest movement of the air shakes the leaves of this kind, which we recommended more than any other for house culture, etc. It grows readily and very fast. Keep the leaves from dust and sprinkle slightly every warm day. Price, 10c each; three for 25c; large size, 25c each.

PTERIS WIMSETTI (Crested Fern)—A very pretty and useful Fern for specimen or dish. Green leaves with the ends very peculiarly crested. This Fern is not generally known. It is one of our best varieties for dishes, being a short, compact grower and will stand rough treatment. Price, 15c each; large, strong plants, 25c each.

Onychium Japonicum.

Pteris Tremula.

Silver Fern (*Pteris Argyrea*).

BEGONIA REX KING OF THE BEGONIAS

We make a specialty of this marvelous family of plants, which are without doubt the most beautiful ornamental foliage plants in existence. Descriptions and illustrations fail to convey an idea of their exquisite color effects, which include nearly every known color. We offer a collection of the finest varieties, including new and rare kinds that cannot be had elsewhere. They require light soil composed of rich loam, loose woods earth and sharp sand. They like a moist, warm atmosphere, and should be kept shaded during the summer. Do not allow the sun to strike the leaves when wet, or do not over-water. Be sure to try a few of these wonderful plants.

SPECULATA—Quite a novelty in the Rex type. Leaves are in the form of a grape leaf. Color is a bright green, with a background of chocolate; veins of a light pea-green, the whole leaf spotted with silver. In bloom it is magnificent, the panicles, composed of great numbers of individual pink blooms, are lifted high and spray-like quite clear of the foliage. Price, 10 cents each; three for 25 cents.

DUCHESS DE BRABANT—This fine variety is very distinct, having a dark greenish-brown center, with a broad silver band enclosed with a dark green edging. The edge of the leaf is smooth and very pointed. Price, 20 cents each; three for 50 cents.

LORD PALMERSTON—One of the best and easiest to grow of all the Rex Begonias. The leaves are extra large with a dark bronze center, silver band and irregular bronze border, blotched and speckled into the silver. The edge of the leaf is fluted and irregular; under side a pea-green with red veins; very effective. Price, 20c each; three for 50c.

MD. TREVE—One of the most distinct and striking of all Rex Begonias. Very highly colored, especially when the light shines through the leaf, which makes it a bright red. The star-shaped center and the narrow border of the leaf is a reddish-green dotted with silver spots, and the balance silvery-white. A fine Begonia of the large-leaved type. Price, 20 cents each; three for 50 cents.

MAGNIFICA—This beautiful variety is quite different from any variety we catalogue. The leaves grow to an immense size; color a rich dark chocolate-brown tinted with dark green. This variety is one of the darkest of all the Rex family. Price, 20 cents each; three for 50 cents.

KING OF REX—One of the most effective of its class, though the oldest variety. Of a beautiful metallic luster, center and edge a soft velvety-green, with a broad silver zone terminating at the point. The foliage of this Begonia on well grown specimens is so massive and the growth so majestic as to awe the beholder. It is of the very easiest culture. Price, 15 cents each; three for 40 cents.

ROI FERD MAJOR—Extra large leaf of fine silver, small dark starry center, and edge embroidered in the same dark shade. Extra fine. Price, 15 cents each; three for 40 cents.

RUTH FINDLEY—A very short, bushy-growing variety. The most part of the leaf is of a silver color streaked with dark green on the edges. A very pointed leaf with a hairy growth on the edges. A very striking and distinct variety. Price, 15 cents each; three for 40 cents.

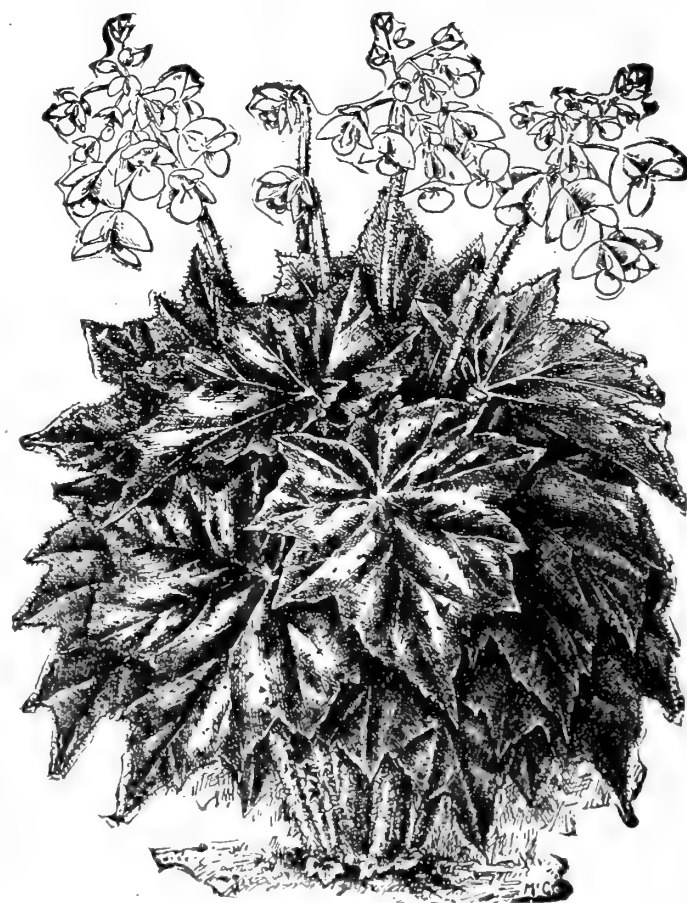

LESOUDESII—This is the finest and largest of any of the Rex family. It is impossible to describe in words the beautiful markings of this magnificent Begonia. It is a cross between Begonia Diadema and a Rex variety, but retains in a marked degree the Rex character. We consider this the finest of all the Rex family, both in size of leaf and rich coloring. Price, 15 cents each; three for 40 cents.

RUBRUM—The entire leaf has a pinkish metallic luster, which makes it one of the most attractive varieties. The leaf is very large, with a smooth edge, and the plant is a vigorous grower. Price, 15 cents each; three for 40c.

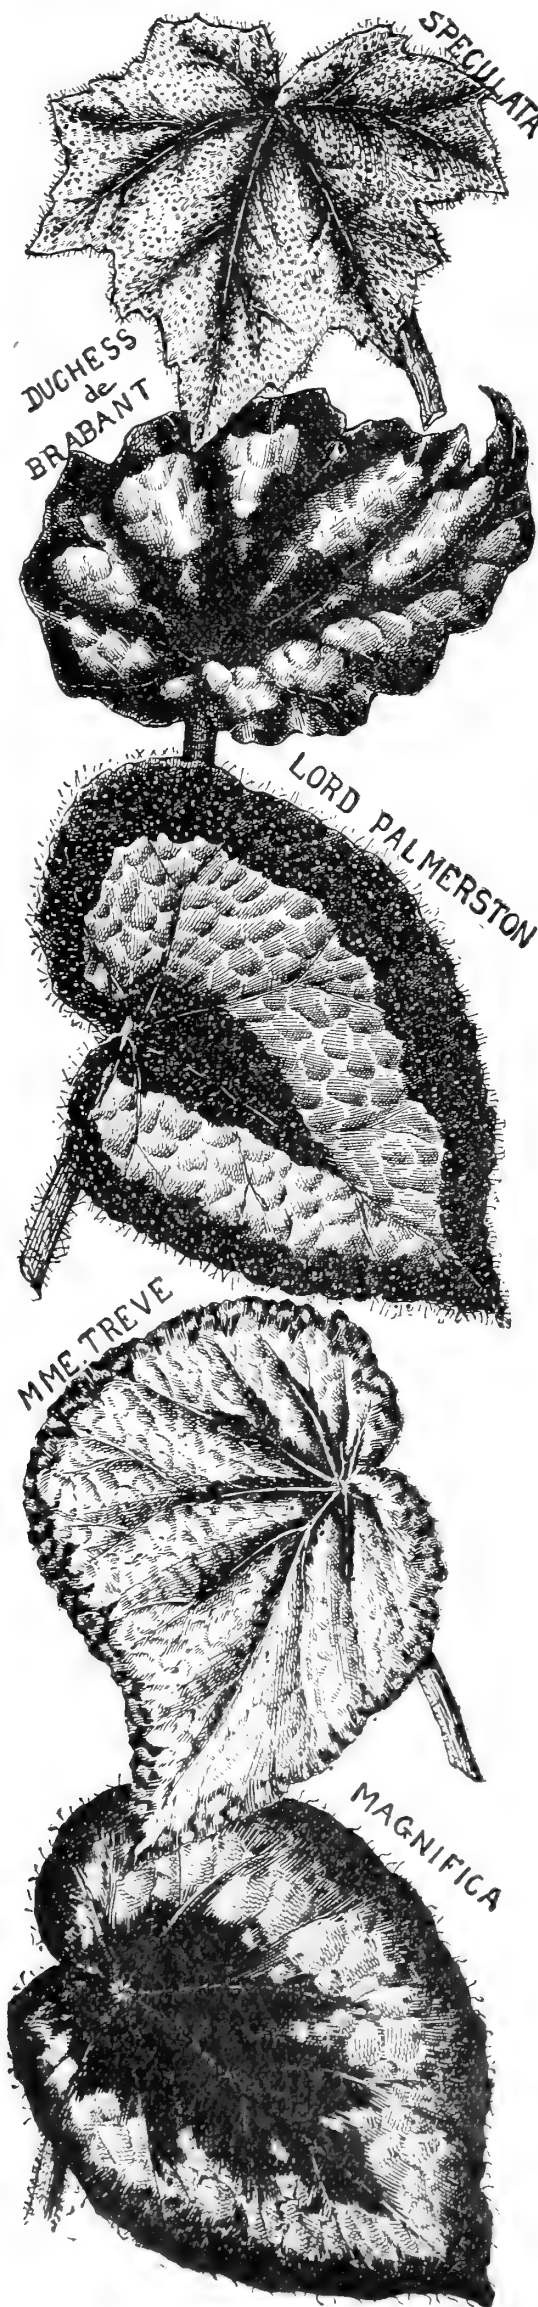

RUBELLA—A very ornamental Indian species, belonging to the Ricinifolia section. The leaves are irregular, and blotched red on a pallid ground; ribs banded with a purplish-brown, under surface red. This makes a grand specimen plant, and will enrich any collection of Begonias. The flowers are borne on strong stalks one foot above the foliage, in large panicles of pink and white. A superb Begonia. See illustration. Price, 20 cents each; three for 50 cents.

SPECIAL NOTICE

We have a great many more fine varieties of Rex Begonias than we describe in the limited space of this page, and we therefore make a special bargain offer of four fine varieties, all different and distinct from any of the above, for 50 cents (must be our own selection).

Begonia Rubella.

The Best Flowering Begonias

A beautiful class of plants with free-blooming qualities which makes them especially desirable.

Beefsteak Begonia (Feastii).

BEEFSTEAK BEGONIA (Feastii)—Illustrated above. A low, spreading Begonia, with perfectly circular leaves, red beneath, and dark glossy-green above, and of heavy texture. The finest pot Begonia we have for house culture. Price, 15 cents each.

ERFORDII—One of the most prolific bloomers in the Begonia family. It is continually covered with rosy-salmon flowers. A fine grower; it has no equal as a house plant. Price, 10c each; three for 25c.

THURSTONI—(New Begonia.) Has bright red foliage and veining underneath the leaves, and bright metallic-green, shading to red, in the younger growth on top. Smooth glossy leaves and red stems. The flowers are a beautiful deep pink in bud, but when expanded become a beautiful shell-pink. Price, 15c.

PURITY—The most attractive of all the white-flowering Begonias, being a mass of waxy-white flowers both summer and winter. Its growth is dwarf and compact, making it an excellent pot plant. Price, 10 cents each; three for 25 cents.

METALLICA—A shrubby variety, good grower and free bloomer; leaves triangular; under side of leaf and stem hairy; the surface of a lustrous metallic or bronze color veined darker; flowers white. Price, 15 cents each.

ARGENTEA GUTTATA—Has silvery blotches like Alba Picta and the grace and beauty of growth of Olbia. Purple-bronze leaves, oblong in shape, with silver markings. It produces white flowers in bunches on ends of growth stems. Price, 15 cents each.

GRACILIS LUMINOSA—(The Newest Begonia.) Illustrated opposite this description. This beautiful new Begonia is the latest novelty in the Begonia family. One of the most symmetrical and yet graceful plants we have ever grown, very strong and robust, but still keeping its shape so as to make a very attractive winter house plant. This year is the first time this grand new Begonia has been offered in this country to the public. Foliage resembles a little that grand old variety, Vernon, rich glossy green, often shaded deep bronze. It begins flowering during the summer months, and is a mass of bloom all through the winter. The flowers, when first opening, are a bright cherry, changing to a clear coral-red. It thrives everywhere and is destined to become a leader among all the Begonias. Price, strong plants, 25 cents each.

No. 8 BEGONIA COLLECTION NUMBER EIGHT No. 8 EIGHT BEGONIAS FOR FIFTY CENTS

We will send postpaid 8 Ever-Blooming Flowering Begonias (our selection of varieties) for 50c. These will all be choice varieties, and ones that we know will give satisfaction. If sent by express, we can send large plants. Remember, only 50c.

BEGONIA RUBRA—One of the finest Begonias in cultivation. Its dark, glossy green leaves, combined with its free-flowering habit, make it one of the very best plants for house or conservatory decoration. The flowers are scarlet-rose color. Price, 15c each.

ALBA PICTA—Long, slender, lance-shaped leaves on short stems, thickly studded with silvery-white. Price, 10 cents each.

McBETHII—Foliage fern-like, panicles of pure white flowers, produced in the greatest profusion. It is the most popular bloomer of the Begonias. Price, 15 cents each.

ROBUSTA—The flower is composed of two wide and two narrow petals; the wide ones are bright rose, the petals are almost pure white, a distinct pink stripe in the center of each enlivened with golden anthers. Borne in clusters, and with the coral-red buds form a most elegant and chaste appearance. Price, 10 cents each.

MARGUERITE—Leaves bronzy-green, somewhat resembling Metallica, but growing in more bushy form, and easier to handle when grown for market. Large trusses of light rose-colored flowers freely produced. Price, 10 cents each.

ALBA PERFECTA GRANDIFLORA—We doubt if there is a white-flowered variety that equals it. The foliage resembles Rubra in shape, but is a lighter green, while the flower panicles are much handsomer. It is a pure white flowering Begonia of much merit. Try it. Price, 10 cents each.

BEGONIA PRESIDENT CARNOT—A remarkably strong-growing variety, of stiff, upright habit; foliage large, and somewhat in style of Begonia Rubra, but more than twice as large; upper side deep green, under side purplish-red, flowers beautiful coral-red, in large, pendent panicles. Price, 15 cents each.

SANGUINEA—Crimson-Leaved Begonia. A showy variety, with very large leaves, the upper side of which is a rich olive, the under side crimson, and of a peculiar leather-like substance; dainty flowers, light rose to white. Price, 15 cents each.

CORAL BEGONIA (Sandersonii)—One of the best flowering Begonias. The flowers are a scarlet shade of crimson, borne in profusion for months at a time; leaves slightly edged with scarlet. Price, 15c each.

BEGONIA VERNON—This elegant variety is of unusual merit as a bedding sort, flowering as freely when planted out as when grown as a pot plant. Foliage rich glossy green, often shaded deep bronze; flowers at first opening are a deep red, changing to a beautiful clear rose in the fully open flower. Price, 15 cents each.

FUCHSOIDES COCCINEA—Elegant free-blooming variety. It resembles Hybrida Multiflora in growth; the flowers are bright scarlet. Price, 10 cents each.

Begonia Gracilis Luminosa.

GERANIUMS

On this and the following page we offer the best Geraniums—new and old—of the hundreds of varieties now in commerce. These Geraniums are the choicest in the world, having been thoroughly tested and found to possess distinct merit. To be appreciated their superb flowers must be seen. They are beautiful beyond description, the richest solid colors and most gorgeous variegated varieties being included in the various lists. Such a wonderful improvement is shown in the Geraniums of recent introduction that it is difficult to compare them with the old-fashioned Geranium of many years ago. For ease of culture, brilliant and attractive covering, general usefulness and diversified types the Geranium is unexcelled.

THE TWELVE FINEST Double Geraniums FOR WINTER FLOWERING

Price, 10 Cents Each, Any 6 for 50 Cents; the Set of Twelve for \$1.00.

Madame Charote—A soft salmon, one shade deeper than Single Geranium Dr. Van Dyke. This is a Geranium of unusual merit, and one that will have a big sale this year. A very strong grower.

Jean Viaud—Double; color bright rosy-pink, with distinct white blotch in the center; habit dwarf, compact, very vigorous and exceptionally free blooming.

The Nearest Blue Geranium, J. Ricaud—A very fine free-flowering double variety. Flowers purplish-crimson of a very intense shade, center very distinctly marked white, shading beautifully into the other color.

Buckner—Flowers purest white; not a trace of coloring at center. Very free flowering, always a perfect mass of white. Plant dwarf and bushy.

J. J. Harrison—The enormous truss, the size and beauty of the individual flower, its glowing color, the sturdy habit and magnificent growth, make it rank first in bedding Geraniums.

J. B. Varonne—Plant of good free-blooming habit, flowers large, color brightest vermillion, center very distinctly spotted and marked with white and lilac.

Miss Frances Perkins—New and extra fine large, bold flowers; clear bright pink, immense bloomer and one of the finest pink bedders yet produced.

Grand Chancellor—Flowers of dark, soft red, tinted with scarlet and heavily shaded with maroon; very rich and dark, and at the same time very bright.

Bruant—We consider this the best bedding Geranium of all varieties. Color of the flower is a bright vermillion-red of most striking shade.

Pasteur—One of the most brilliant colors that we have in the scarlet section, being a bright orange-scarlet—truss is very large, well formed; floret large, semi-double; habit is dwarf, vigorous; foliage very clean, with distinct deep chocolate zone; exceptionally free in bloom.

La Condole—The fine pink Geranium. Plants free blooming, very large trusses; large and beautiful flowers of a magnificent color, difficult to describe. A deep, soft rose.

S. A. Nutt—This is the darkest and richest double Geranium grown. It is a very bright, dark, deep, rich velvety-maroon, and a perfect pot plant.

THE TWELVE FINEST Single Geraniums FOR WINTER FLOWERING

Price, 10 Cents Each, Any 6 for 50 Cents; the Set of Twelve for \$1.00.

Marguerite de Layres—A grand white; plants a mass of white bloom; trusses of the largest size; florets extra large and of the purest white; plant robust. Grand for either pots or bedding.

Granville—A fine bedding variety, with large flower trusses. The color is a clear pink. One of the best Geraniums for general use of our knowledge.

Madonna—The color is a soft, light pink, a beautiful and distinct shade. This variety has been universally admired by all who have seen it in flower.

L'Aube—Enormous sized trusses; large, round florets, pure snow-white, retaining its pureness the entire season; in freedom of bloom, splendid habit and growth of plant, we believe this to be the very best single white up to date.

Rev. Atkinson—Rich crimson-scarlet; fine large flowers and truss; very free flowering, and one of the best bedding sorts.

Mrs. J. M. Gaar—Is of dwarf, compact habit, and in freedom of bloom is superior to all whites and equal to the best scarlet bedders.

Mrs. E. G. Hill—For those unacquainted with the variety, we would say it is a most distinct and pleasing shade of salmon, with light shading to the center. The finest salmon-flowered Geranium to date.

Camille Bernardin—Very large trusses, individual florets large and well formed, plants of excellent free-flowering habit; rosy-peach veined with bright rose and streaked and marbled with pure white.

Wonder—The flowers are the most intense, dazzling scarlet, and are borne in trusses of enormous size, measuring from eighteen to twenty inches in circumference. As a pot plant or bedding Geranium it has no equal.

C. W. Ward—Apricot-red veined red with center of vinous rose; florets of first size and perfectly round.

Aurora Boreale—Extra large flowers of most beautiful orange-scarlet; fine for massing, and one of the showiest and finest of the whole Bruant race, and makes a fine addition to any collection.

Mary Hallock Foote—Immense trusses of bright, pale salmon, with a pure white eye. A great variety.

Sweet Scented Geraniums

Price, 10 Cents Each; Any Three for 25 Cents.

Lemon-Scented—Small leaves, with delightful lemon scent; one of the most pleasing varieties.

Mrs. Taylor—Dark green foliage of a peculiar fragrance. Flowers are scarlet, shaped like a Pelargonium and borne in great profusion.

Shrubland Pet—Small light green leaves, very fragrant, pretty rose-colored flowers.

Broad-Leaf Rose—This variety resembles the common Rose Geranium, having a thicker leaf not so deeply cut.

Rose—Needs no description. Indispensable in the formation of bouquets. Two varieties—one is the broad-leaved, and the other with fine cut leaves.

Balm—Large leaves, with a very strong fragrance.

Skeleton-Leaf Rose Scented (or Dr. Livingston)—The most popular scented Geranium. It is the same as the Rose in all points, except the leaf is more deeply cut, or fern-like. The leaves are used for designs and bouquets.

The Ten Finest Golden-Bronze GERANIUMS

Price (except where noted), 10c each; three for 25c; seven for \$1.00.

Bronze Bedder—Foliage bright golden-yellow, with a broad zone of a deep chestnut-brown; scarlet blossoms. This variety stands the sun exceedingly well.

Black Hawk—Golden-yellow, with broad red zone; red flowers.

Bismarck—Foliage yellowish-green, with narrow zone of deep chocolate; flowers salmon, tipped white.

Crystal Palace Gem—Broad golden-yellow margin, with a central disc of green; dwarf and free.

Exquisite—Large chocolate zone, large golden-yellow center, edges variegated; flowers salmon.

Fanny—Golden-yellow foliage with a bright red zone; large trusses of charming peach-colored blossoms; extra.

Magician—Foliage dark green, greenish-yellow disc, flowers orange-scarlet and foliage as fine as on some of the golden tricolor.

Marshal McMahon—Golden-yellow, with a zone of dark chocolate; fine large foliage; splendid bedder.

Zulu—Bright yellow leaf, with very deep chocolate, almost black zone; decidedly the finest of the class.

Corinne—A clear golden-yellow foliage, with elegant zone; double, fiery, orange-colored flowers. Price, 15 cents each.

OUR QUINTET ... SET OF ... FANCY GERANIUMS FIVE FOR 50 CENTS.

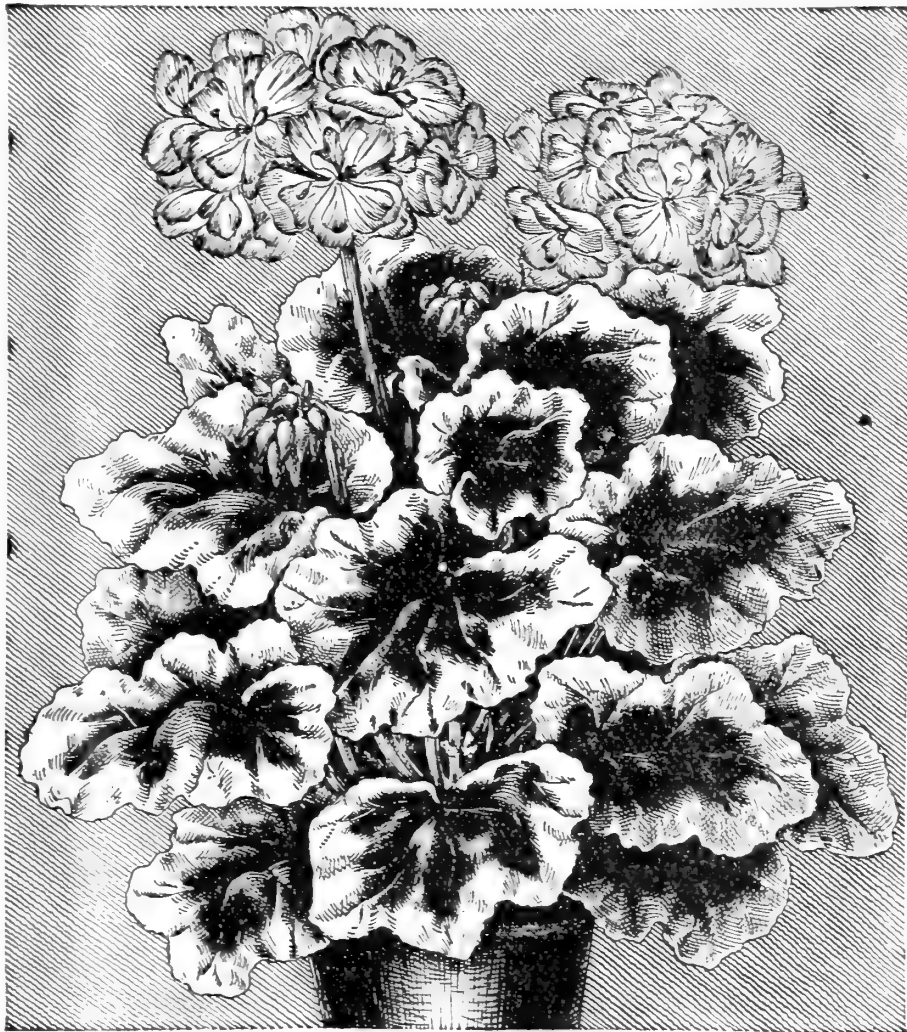

Double Red Silver-Leaf Geranium, Wm. Langguth—The same in every way with Mrs. Parker, except in color of flower, which is a bright scarlet; foliage is beautiful; center of leaf deep green and the outer margins broadly marked with silvery-white. Price, 15c each; two for 25c.

Double Pink Silver-Leaved Geranium, Mrs. Parker—In this beautiful variety the flower is perfectly double and of a clear, bright pink. Price, 15c each; two for 25c.

Golden Tri-Color Geranium, Mrs. Pollock—Best and most satisfactory of the tri-color foliage Geraniums; distinct in its markings, having a bright, bronzy-red zone belted with crimson and edged with golden-yellow. 15c each; two for 25c.

Tri-Color Geranium, Happy Thought—Very dark green foliage, having a light creamy, almost white center, with a dark zone; flowers bright scarlet. Price, 10c each.

Mountain of Snow—A fine, strong grower, center of leaf bright green, with a broad silvery-white margin; flowers scarlet, well above the foliage. Price, 10c each.

Beautifully Colored IVY GERANIUMS

Price, 15 cents each.

New Ivy Geranium, Achievement—Has the habit and texture of the Zonal with the form of Ivy foliage and also of the Ivy bloom. Color pure self-rose with white eye.

The Splendid New Ivy Geranium, Mrs. Hawley—The flowers are large, in fine trusses, on long stems.

Flourens—Flowers very large and double; petals large, salmon, heavily shaded rose.

Col. Baden-Powell—Semi-double, of elegant showy form; color varies at times from pearl-white to soft blush; a free bloomer.

Leopard—Most remarkable in size and in beauty of color arrangement, which is a dainty lavender-pink, flamed and dotted in crimson.

La Rosaire—Flowers very large, perfectly double, making a lovely rosette in shape; delicate pink shade.

Incomparable—Trusses very large, florets immense, very regular in form; quite full; color is an exquisite shade of rosy-carmine.

P. Crozy—A grand hybrid between the Zonals and Ivies; color soft, bright scarlet.

Remarkable—Florets $2\frac{1}{2}$ inches in trusses six inches across; color a deep, bright pink.

New Double White Ivy Geranium, Joan of Arc—Flowers perfectly double and white as snow, and literally cover the plant when in full bloom.

STRONG FIELD-GROWN CARNATIONS FOR IMMEDIATE BLOOM

For winter-blooming the Carnation is as easily grown as a Geranium and equally satisfactory. Plant in good soil, give plenty of water and drain well. Let the plant be cool at night. A forty to fifty degree temperature is about right. Keep the dead foliage picked off. They will bloom continually throughout the winter. Fine plants can be sent by mail; it is best, however, to send by express, as they arrive in better condition. Remember we do not offer small $2\frac{1}{2}$ -inch pot plants but large field-grown stock, which should be grown in five and six inch pots or boxes. Absolutely clean and healthy. A fine selection in twelve varieties of ever-blooming Carnations. Nice field-grown plants, 15 cents each; two for 25 cents; twelve for \$1.25.

Enchantress—A very pleasing shade of light pink, deepening towards the center. When fully developed, over four inches in diameter. Stem strong and stiff.

Bobolink—One of the finest variegated Carnations in cultivation, particularly in its prolific blooming. Flowers are not as large as some, but so many more. Color pink with a white stripe.

Harlowarden—A bright crimson with flowers averaging $3\frac{1}{2}$ inches in diameter. Stem is long and stiff.

Flamingo—As an early flowering variety it has proven satisfactory with some and we believe it has a future, being superior in some ways to the standard red varieties. Color brilliant scarlet.

Prosperity—Color a fine white streaked with scarlet, one of the finest variegated Carnations introduced.

Mrs. Thomas Lawson—Extra large. Color a deep cerise-pink, approaching very near a carmine.

White Cloud—One of the standard pure white varieties; easy to grow.

Eldorado—Light, clear yellow, petals edged with a narrow band of light pink. A strong, vigorous grower with fine, healthy foliage, stems of good length, supporting large, finely formed flowers. Color shows up well under artificial light and does not look white.

Queen Louise—Flowers pure white, fragrant, large, three inches and over; center well filled, rounding the flower to a most pleasing form; color is very pure, stem exceptionally long, grass fine and crisp, with plenty of bloom, and it is an excellent producer.

C. H. Crane—One of the best scarlet Carnations grown.

America—Pure light scarlet; full and perfect shape.

Ethel Crocker—A fine Carnation in size and form. Color a pure rich pink.

WINTER-BLOOMING Chrysanthemums

If it were generally known that Chrysanthemums are as easily grown and as satisfactory for winter culture indoors as Carnations they would become immensely popular. Use pots or boxes not less than five inches across. Use rich soil. For two weeks at least pinch the tops, also the lower branches of plants to form desired, and do not allow flowers to form until the plant is healthy and sturdy. Keep in fairly cool temperature. Water moderately. Give partial sunshine. Try a few plants.

Col. Appleton—King of the yellows. Immense pure yellow flowers of perfect form and substance.

Dr. Enguehard—A superb pink variety. One of the very best introductions of recent years.

Glory of the Pacific—The best early clear pink. Dwarf, strong grower.

Ivory—The grandest white for general planting.

John K. Shaw—Large in size, beautiful light pink. Splendid stem and foliage.

John Shrimpton—Deep, bright crimson; the very best of this color.

Mrs. J. G. Whilden—One of the finest very early yellows.

Mrs. S. T. Murdock—One of the grandest of all pink Chrysanthemums.

Mrs. H. Robinson—Exquisite form, pure white.

Polly Rose—White Glory of the Pacific. Truly a great variety. Dwarf grower.

Robert Halliday—One of the finest early yellows. Magnificent blooms.

Timothy Eaton—The grandest white Chrysanthemum. Color purest white.

Price, 10 cents each; six for 50 cents. Complete set of twelve varieties, \$1.00 postpaid.

Our Zero Collection of the Old-Fashioned Hardy Chrysanthemums

We have frequent calls for the hardy Chrysanthemums, something that will stand the most severe winters, and offer in this collection five fine varieties, all different, that we can highly recommend for giving the best flowers. Price, 10 cents each; the set of five for 40 cents.

- 1—Pure snow white, very attractive.
- 2—Clear bright pink.
- 3—Orange-yellow; very pretty.
- 4—Large dark red.
- 5—White with pink shading.

HELIOTROPES

Price, 10 cents each; three for 25 cents, your selection.

Czarina—A beautiful new dark Heliotrope of exceptional qualities. A very free bloomer, easy to grow and free from disease.

Florence Nightingale—Splendid market kind; always healthy; flowers bright lavender; good truss.

Madame de Blonay—Fine, large, strong foliage, producing very large trusses of pure white flowers.

Mrs. David Wood—A very nice, distinct Heliotrope; large trusses of violet flowers of light center.

Albert Deleaux—Foliage is a bright golden-yellow, marked slightly with a delicate green.

Madame Bruant—Immense panicles of very large flowers, a rich purple with large white eyes.

Mme. A. Carriere—It has a very large white eye, contrasting with the bright blue; panicles very large, extremely free bloomer.

Queen of Violets—Its color is of the deepest violet-purple, with large, almost pure white center.

New Giant-Flowered—(Picciola.) A strong, robust grower, instead of being scraggy and sprawling it grows compact and bushy. The flowers are very large, and of a dark Heliotrope color.

SPLENDID Free-blooming Fuchsias

Easily Grown and Sure to Bloom

For ease of culture, varied colors, profusion of bloom and adaptability to all locations we strongly recommend Fuchsias, the best varieties of which are offered in the following list. They are suitable alike for winter blooming or for growing outdoors, either in beds or in pots, boxes or vases, as the case may be. A collection of flowering plants is not complete without Fuchsias, and the extremely low price at which splendid sorts are offered permits of a choice collection of different varieties.

Seven of the Finest Varieties for 50c, or 15c each, postpaid.

Phenomenal Fuchsia—The grandest of them all. Phenomenal is the largest-flowered Fuchsia in cultivation. The plant is a tall grower, branching like a tree. The flowers are of enormous size, sepals bright scarlet, with rich violet-purple corollas, very double.

Trailing Queen—The habit of this variety is much different from the other varieties in that it trails instead of growing upright. Pretty flowers borne in clusters.

Elm City—A very pretty variety, and one that is always in demand. Although not a new variety, yet it is one of the best. Sepals a rich crimson, corolla a deep purple and very

double; free flowering and easy to grow.
Black Prince—This is, without question, the very finest Fuchsia grown for the amateur to cultivate. Blossoms of a beautiful waxy-carmine or pink color. Certainly a plant of easy culture.

Double White Fuchsia, White Giant—Tube and sepals are brilliant, deep scarlet, thick and leathery in texture; corolla is very large, double and pure white.

Avalanche—Beautiful golden foliage, with a dark, double violet-purple corolla.

The Free Blooming Fuchsia, Speciosa—Flowers are four inches or more in length; tube and sepals bright rose; corolla brilliant carmine. It blooms quite freely.

FUCHSIA COLLECTION No. 15

Ten Fuchsias, Double and Single, for 50 cents.

We will send, postpaid, 10 Double and Single Fuchsias, our selection of varieties, including many of the highest-priced ones, for only 50 cents.

Hydrangea Monstrosa.

HYDRANGEAS

The well known plant that gives satisfaction to everybody, especially those near the oceans and lakes. The flowers are ball-shaped from six to ten inches in diameter.

Jeanne d'Arc—The new white, with green foliage and brown stems. Price, 15 cents each.

Monstrosa—The large flowered pink, a fine variety. Price, 15 cents each.

Ramus Pictus—Rosy-pink, changing to blue, stems brown. Price, 10 cents each.

Thomas Hogg—A pure white variety with large trusses. Price, 10 cents each.

Hydrangea Mariesii—One of the most distinct and effective varieties yet introduced; of a light pink color tinted with mauve. Price, 15 cents each.

Paniculata Grandiflora—This is one of the most hardy shrubs in cultivation. It attains a height of three to four feet, and is perfectly hardy in all parts of the country.

The flowers are white, borne in immense pyramidal panicles. Price, large field plants, 35 cents each.

American Ever-blooming Hydrangea, Hydrangea A. G. Alba, (See page 31.)

Asparagus Plumosus Nanus

One of the handsomest of our foliage plants. Leaves are a bright green, gracefully arched, and as finely woven as the finest silken mesh. Their lasting quality, when cut, is remarkable, retaining their freshness for weeks, hence it ranks as the most valuable plant we have for this purpose, surpassing Maiden Hair Fern in grace, fineness of texture and richness of color. Price, nice plants, 15c each; two for 25c. Large size, 25c each; three for 65c.

Grevillea Robusta, or The Australian Silk Tree

A magnificent plant for decorative purposes, of rapid, easy growth, fully cut foliage, rivaling a rare Fern. The young, growing leaves are a light brown color, the tips being covered with a soft down, closely resembling raw silk, hence the name, "Silk Oak." Price, 15c; large 4-inch pot plants, 25c.

DRACENA INDIVISA

The Charming Decorative Plant. One of the most popular plants for house decorations. As a single specimen plant for a jardiniere in a hall or drawing room it has no equal. The leaves are of several shades of green, with delicate stripings of yellow and red. Price, 10c each; larger plants, 25c each.

MANETTIA BICOLOR

A rapid and beautiful new climber. The flowers are from an inch to an inch and a half in length, of the most intense scarlet, shading into flame, tipped with bright golden-yellow, and are covered with a thick scarlet moss. Price, 10c each; three for 25c.

ALOYSIA CITRIODORA

(Lemon Verbena.) A universal and well known favorite, grown principally for its deliciously scented foliage. Price, 10c each; \$1.00 per dozen.

CACTUS

King of the Cactus. This Cactus is the leading Cactus grown, having stopped growing a dozen other varieties. The leaves are of a dark green color; thick, leathery; from one to two inches in width; flower measuring from two to three inches long and of a trumpet shape. Color a deep, flaming scarlet. Price, strong plants, 15c each; 2 for 25c.

ASPARAGUS SPRENGERI

When introduced, at a high price, this variety was received with some hesitation as to its desirability, but after only a limited trial it has come forward with prominence. Used in decorations, as, for example, in the decorations of mantels, nothing can equal it. It is also a handsome thing for ferneries and hanging baskets. Price, 10c each, three for 25c. Large size, 25c; 3 for 65c.

Asparagus Plumosus Nanus.

Araucaria Excelsa.

Asparagus Sprengeri.

ARAUCARIA EXCELSA

(Norfolk Island Pine.) As a decorative plant for the house this is one of the handsomest and most serviceable. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances; its symmetry of form, grace and beauty of foliage are unequaled in the vegetable kingdom. It is easily grown in the house and is highly ornamental. Price, nice plants, 12 to 15 inches high, three tiers, 85c; large plants, \$1.25.

GENISTA CANARIENSIS

(Fountain of Gold.) The drooping branches are covered with delicate sage green foliage, and every twig tipped with a long raceme of exquisite pea-shaped blossoms of a pure canary color, almost hiding the foliage, and suggesting the name, "Fountain of Gold." Price, 15c each.

CHINESE AZALEA INDICA

No plant yet introduced gives better satisfaction or is becoming more popular every season for window and conservatory decoration. Price, for bushy specimen plants, 75c and \$1.25 each.

CAREX JAPONICA VARIEGATA

A new ornamental Japanese grass, which is extremely useful as a house plant. The blades, with a green center and white edge, make it a very effective plant for vases and hanging baskets. It is propagated by division, and a few plants bought this spring will give you a good stock for another year. Price, 15c each.

SANSEVIERA ZEYLANICA

A Decorative Plant of Great Value—There is scarcely a decorative plant listed that stands as much downright neglect and hardship as well as this. Nothing but frost or continual drenching with water has terrors for it. Erect, rigid, sword-like leaves, in some old specimens reaching a length of from four to six feet. The leaves are thick and fleshy, a dark green color with clouded bars of white. Price, 10 cents each; large plants, 30 cents each.

CROWN OF THORNS

Euphorbia Splendens—A curious plant, with thick, fleshy, twining stems, covered with stout, sharp spines nearly an inch long. There is a tradition that this plant furnished the material for the "Crown of Thorns" used in the divine tragedy. Foliage is bright green and flowers a beautiful coral-pink, very pretty when in bloom. Price, 15c each.

MCGREGORS' MAMMOTH PANSY PLANTS

The gigantic size of the flower, luxuriant growth, profusion of bloom and exquisite blendings of gay and fantastic color is utterly indescribable. The gigantic flowers are produced in great numbers, and borne well above the foliage, on strong stems. To introduce this beautiful new strain of Pansies, we offer nice plants that will come into flower at once for the extremely low price of 25 cents per dozen; \$1.50 per 100.

WINTER FLOWERING VIOLETS

Perfectly hardy. Thrive best in a shady situation. During the winter a light covering of leaves or litter will prove beneficial. We offer the leading kinds in clean, healthy stock, suitable for starting a Violet bed this fall. Strong plants, 10 cents each; three for 25 cents; fifteen for \$1.00. Field-grown clumps, 20 cents each; three for 50 cents, postpaid.

California—Largest of all. Pure, rich violet-blue. Flowers single, borne on stems ten to fourteen inches in length.

Lady Hume Campbell—Best double blue variety; perfectly double, delicious fragrance.

Princess of Wales—One of the best Violets in existence. Large, heavy foliage. True blue flowers. Delicately fragrant.

Swanley White—The best double white variety.

Marie Louise, Double—Bold, fine flowers, very fragrant and very prolific. The color is of a dark blue, flowers double. This is the favorite double blue Violet that you see in the florists' windows.

FICUS ELASTICA—India Rubber Plant

This is one of the handsomest and most desirable of decorative plants. It is from the sap of this tree that the rubber of commerce is made, so that it is one of the most useful of plants, besides ranking high for decorative purposes. Very large, smooth, leathery leaves, evergreen foliage. Each new leaf is enclosed in a long, coral-like envelope, looking like a great red flower bud. Small plants, by mail, 25 cents each; large plants, by express, 50 cents and \$1.00 each.

DRACENA TERMINALIS

(The Great Crimson-Foliaged Plant for the House.)

A superb species, with rich crimson foliage, so marked with carmine-pink and creamy-white that words cannot describe the exquisite coloring. Price, fine plants, 25 cents each; larger plants, 40 cents and 60 cents.

CAMELLIA JAPONICA

This beautiful flower can be grown with success in the North as well as the South, and every flower fancier should have one. Their dark, shiny leaves contrast beautifully with the waxy-like blooms which come in white, blush, pink, red and variegated shades. They are quite hardy in the southern states and require no protection and very little care. Price, 75 cents each.

WANDERING JEW, or Tradescantia Multicolor

Nearly oneryone is acquainted with the Zebrina. The one now offered is the most beautifully variegated purple, scarlet and white. Price, 10 cents each.

SILVER-STRIPED PEPEROMIA

So thick and waxy-like are the leaves of this parlor gem that nearly everyone takes it to be an artificial plant. The leaves are distinctly variegated white and green, and have the appearance of being powdered with frosted silver. Price 15 cents each; two for 25 cents.

PETUNIAS—Double Fringed

Price, 10 cents each; three for 25 cents.

Pink Beauty—Large, clear pink.
Majestic—Rich, deep purple, shaded crimson.

Defender—Pure white; very double.
Gem—Variegated, white and crimson.
Vesuvius—Solid color; very dark.

CYPRIPEDIUM INSIGNE, or Moccasin Flower

A peculiarly attractive plant, bearing flowers that closely resemble the most valuable of the Orchid family. The leaves are long and Lily-shaped; flowers borne on long, strong stems, are fantastically shaped, with a delicate pale green spotted upper lip, two wings prettily mottled with brown, and a heavy lower lip of a dark green, pouch-shaped and heavily marked. The flowers will remain perfect on the plant for six weeks, or will last a month if cut. Plants are easily grown. Price, 25 cents each.

FRAGRANT JASMINES

Maid of Orleans—Double flowers of chaste and waxy-white appearance. Price, fine plants, 10 cents each; strong plants, 30 cents each.

Revolutum—A yellow-flowered Jasmine, nearly hardy and exquisitely fragrant. Price, 10 cents each; fine, strong plants, 25 cents each.

Grandiflorum—(Catalonian Jasmine.) It is from Italy. The flowers are pure white, star-shaped and of exquisite fragrance. Price, 10 cents each; fine, strong plants, 25 cents each.

Jasmine Gracillimum—Pure white, fragrant flowers. Price, 10 cents each; fine, strong plants, 25 cents each.

Cape Jasmine—White and double. Price, strong plants, 30 cents.

Malayan Jasmine, Rhyncospermum Jasminoides—Pure white flowers. Known in the South as the Confederate Jasmine. Price, 10 cents each; fine, strong plants, 20 cents each.

Sambac—(Arabian Jasmine.) Resembles the Grand Duke. Flowers white, very fragrant. Price, 15 cents each; larger size, 25 cents each.

Grand Duke—This Jasmine is very easily grown, even small plants bearing a profusion of very double cream-white flowers having a delicious perfume. Price, 15 cents each; strong plants, 50 cents each.

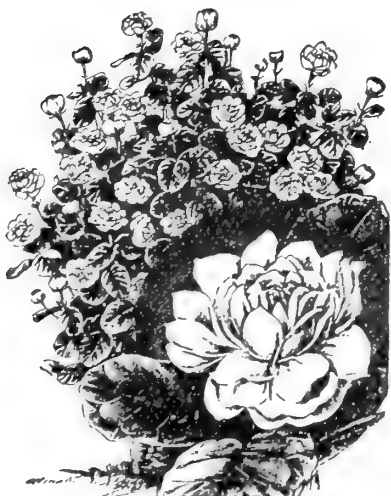

Ficus Belgica or Rubber Plant.

Dracena Terminalis.

Camellia Japonica

Jasmine Grand Duke.

NEW OTAHEITE DWARF ORANGE

A grand pot plant, and one of great beauty and novelty. It is a dwarf Orange, which grows, blooms and fruits freely in pots, even when only a foot or two high. The fruit is about half the size of ordinary oranges, very sweet and delicious. The blossoms are produced in great abundance, delicate and beautiful in color and rich in delicious perfume. Price, 10 cents each; large size, 25 cents and 50 cents each.

LEMON—Ponderosa or American Wonder

A new Lemon, producing wonderfully large lemons. Some have been taken from the tree weighing over four pounds. The flowers are very fragrant and pretty. In addition to its fruit bearing qualities it makes a very handsome plant for house culture. Price, 15 cents each; large two-year-old plants, 35 cents, 50 cents and \$1.00 each.

CYPERUS ALTERNIFOLIUS

An ornamental grass throwing up stems about two feet high, surmounted at the top with a whorl of leaves, diverging horizontally, giving it a very curious appearance. Splendid for the center of vases or as a water plant. Price, 10 cents each.

ALYSSUM—Sweet

Favorite summer and winter-blooming plants.

Double White—Large, double white flowers. Price, 8 cents each.

Variegata—Variegated foliage, double flowers. Price, 8 cents each.

ACALYPHAS

Bicolor Compacta—This is entirely distinct from all other Acalyphas, and is a first-class plant for greenhouse decoration. Habit of growth is compact with free branching habit, rarely attaining a height of over twelve to eighteen inches. Price, 15 cents each; two for 25 cents.

Acalypha Marginata—Dark bronze, with rose-margined foliage. This variety equals the showiest of Coleus. Price, 15 cents each.

Acalypha Tricolor—A beautiful plant with large and highly colored leaves. Bright red, with blotches of crimson bronze. Price, 15 cents each.

Acalypha Sanderii—Leaves are dark green, from the axil of each of which springs a long, drooping spike of glowing crimson-scarlet. Price, 15 cents each.

LINUM TRIGYNUM

A winter-blooming plant of great beauty, producing in the greatest profusion very large and very showy blooms of a bright yellow color. The plant is a complete mass of bloom for a long time during winter, and is one of the most beautiful winter bloomers it is possible to have. Price, 10 cents each.

THREE NEWEST AGERATUMS

Little Blue Star—Color deep, even blue—dwarf.

Princess Pauline—Blue and white combined.

White Cap—The best white dwarf. Price, 10 cents each; three for 25 cents.

DOUBLE FLOWERING MARGUERITE

"QUEEN ALEXANDRA"

The flowers are from two and one-half to three inches in diameter and of a pure white color, the greater percentage of these coming full double, not unlike an Anemone-flowered Japanese Chrysanthemum. Price, 15 cents each.

BROWALLIA SPECIOSA MAJOR

A giant-flowering form of this beautiful genus, flowering continually summer and winter, which may be grown either in the border or as a pot plant. Beautiful ultramarine blue color. Price, 15 cents each.

EUPHORBIA

Jacquiniiflora—An old favorite winter-flowering plant that has deservedly again become very popular, especially during the Christmas holidays, producing its long graceful sprays of bright orange-scarlet flowers during the duller winter months. Price, 15 cents each.

Dwarf Orange.

Cyperus.

Hibiscus Peachblow.

HARDY PERENNIALS or Old-Fashioned Hardy Garden Flowers

One of the chief delights that comes from owning a garden is having flowers enough to give to one's friends, as well as for house and table decoration. "The beauty, variety and lasting qualities of Hardy Perennials make them especially useful as cut flowers. They are equally valuable for adding brightness and color to the border beds and a comparatively small collection will enable you to have some flowers in bloom all summer through. They require almost no care at all, are perfectly hardy, and last for years, which makes the first cost almost the only expense." Best results are to be had from fall planting. All plantings should be covered to shed the water and protect the plants from storms of sleet and rain and sudden, severe changes of freezing and thawing. (For further information see "McGregor's Guide to Floriculture," free with order amounting to \$2.00.)

Aquilegia Double (Chrysantha) — Long spurred, massive golden flowers. Price, 15 cents each.

Achillea The Pearl — (The Great Cemetery Plant.) Flowers pure white, perfectly double, and produced in large sprays. For cemetery planting it is the most valuable of all flowers, as it is sure to thrive and bear its great profusion of snow-white flowers nearly the whole summer. Price, 10 cents each; three for 25 cents; twelve for 75 cents.

Shasta Daisy In growth the plants are as strong as a common field Daisy, very tall, well branched, with fine-cut foliage and huge white flowers borne in profusion on long, stiff stems. Price, 15c.

Funkia (Day Lily) Subcordata Grandiflora — Pure white, lily-shaped, fragrant flowers; borne in large clusters. Price, 15c each; \$1.50 per dozen.

Funkia Medio Variegata — Green and white foliage with purple flowers. Price, 15c each; \$1.50 per dozen.

German Iris These magnificent Iris are among the most beautiful summer-flowering plants, blooming from June to the middle of July. In colors, white, mauve, lavender, dark purple and yellow. Price, 10c each; three for 25c; twelve for \$1.00.

Tritoma Pfitzerii The flower spikes are of gigantic size, frequently four and one-half feet high, with heads of blooms over twelve inches long, of a rich orange-scarlet, shading to salmon-rose on edge. Price, 25c each; five for \$1.00.

Gypsophila (Baby's Breath) Paniculata—A beautiful, old-fashioned plant, possessing a grace not found in any other perennial, and attracting the eye of everyone. Pure white flowers, forming a beautiful, gauze-like appearance. Price, 15 cents each.

Yucca Adam's Needle—Flowers during June and July make it an effective plant for all positions. Easy to grow, and with little care. Strong plants, price, 15c each; two for 25c.

Japanese Iris Iris Kaempferi Grandiflora—Many of the flowers measure from 10 to 12 inches in diameter, and rival the Orchids in their rich colorings. Prevailing colors are white, crimson, rose-lilac, lavender, violet and blue. The Iris delight in a rich, deep, moist position. Price, double and single flowered, named varieties, 25c each, postpaid; 10 distinct sorts for \$2.00 by express.

Dielytra Spectabilis (Bleeding Heart)—Pretty spring bloomers; graceful, drooping sprays of heart-shaped pink and white flowers. Price, 20c each; \$1.75 per dozen.

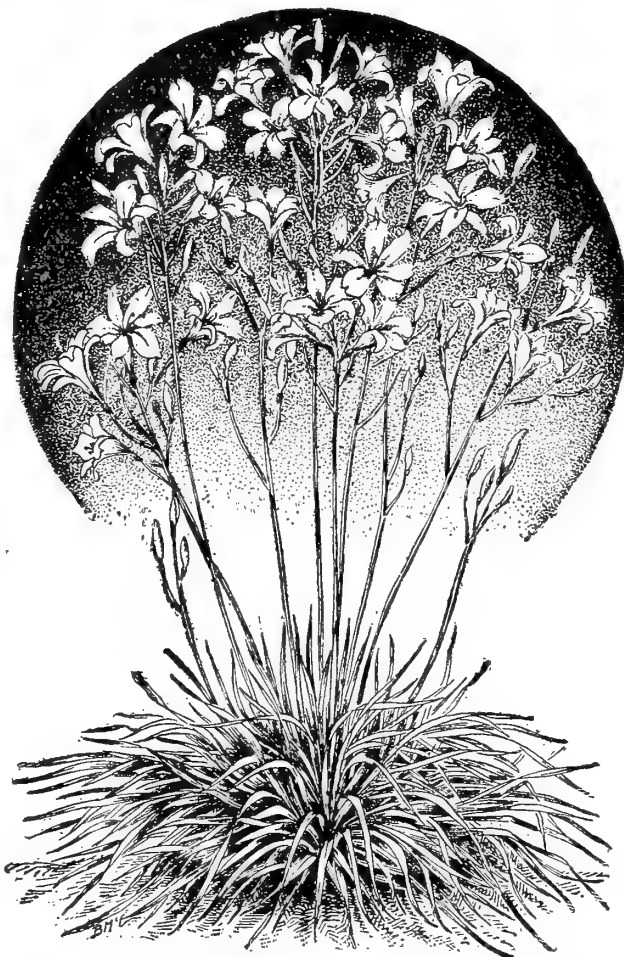

Hardy Plumbago (Lady Arpent)—Grows in compact clumps, covered with lovely, rich violet-blue colored flowers. Price, 10c each.

Choice Fruit for Fall Planting

FRUITS OR TREES BY EXPRESS OR FREIGHT

The following nursery stock is offered by Mail or Express as noted. The varieties offered are tested standard kinds and for reason of lack of space we do not attempt any descriptions. As our nursery department is separate and distinct from our greenhouses, it is necessary that all nursery stock be shipped direct from the nursery, and all orders, therefore, for trees and fruits of express size will be sent separate from bulbs or greenhouse plants and be under separate transportation charges. There is no time better than fall for planting and if a little extra soil is placed around the base of the plant, pressing in shape of a cone, so as to protect the roots from winter rains and sudden and severe changes in freezing and thawing, all planting should do well. This also protects them from being moved about by heavy winds. As mentioned above, remember that fruits and trees under this heading, which will be of as large size as offered by any nurseryman, are sent by express or freight separate from any other part of your order and under separate transportation charges.

FRUITS OR TREES BY MAIL POSTPAID

Under this heading we offer you grafted and true to name fruits and trees of a smaller size than referred to above, but they will be found much cheaper and all transportation charges will be paid. It is a slower way than buying larger trees, but is the cheapest way if you are willing to wait an extra year or two. Our steadily increasing trade for mailing size has given us reason to believe that the smaller stock has been found very satisfactory. We think plants under this heading will especially appeal to those in distant states and where it is not convenient to call for express or freight shipments.

NO PREMIUMS ON FRUITS OR FRUIT TREES

Prices on nursery stock are placed very low and we cannot allow premiums to be selected on orders for items listed on this page.

HARDY PHLOX

This notable family of hardy perennials is perhaps the most widely known and popular of all the various plants which we have in our gardens, and each year finds the newer and showier varieties increasing through the hybridizer's skill. Certainly no perennial is more worthy of culture, more satisfactory in every situation, or more effective, planted individually or in groups. All Phlox are well adapted for cutting and are exceedingly floriferous. The plants bloom in midsummer and the gardens can be kept aflame from June until frost. All colors in shades delicate and rich, with flowers ringed, eyed and shaded.

They succeed in good garden soil, but are greatly improved by being liberally manured. When in flower they should be watered freely. Phlox usually flower in July and August, and in order to render them autumnal-flowering it is necessary to pinch the shoots about the first of July. Plants will then flower in September. For early flowers, leave the plants unpinched. The best time to plant Phlox is in the autumn. The strong plants we offer will flower freely next season.

Phlox Coquelicot (GRAND NOVELTY)

Newest and best of all. Flowers large and of fiery red color. This is a very strong-growing variety, many-branched, pyramidal trusses, the freest flowering and showiest of all. 20 cts. each, 50 cts. for 3, 85 cts. for 6, \$1.50 per doz.

Three Exceptionally Fine Varieties

15 cts. each, 40 cts. for 3, 75 cts. for 6, \$1.25 per doz.

ECLAIREUR. Purplish crimson, with light halo; a magnificent and fine large flower.

MISS LINGARD. A grand, free-blooming white.

ATHIS. One of the finest varieties yet introduced; color salmon-rose, with large, carmine eye; very attractive and large.

Newest Phlox

The following varieties, 15 cts. each, 40 cts. for 3, 75 cts. for 6, \$1.25 per doz.

PROF. SCHLIEMAN. Salmon-rose, with carmine eye.

PANTHEON. Deep salmon-rose; very fine.

DUQUESCLIN. Beautiful lavender; large carmine eye.

PRIME MINISTER. Rosy white; fine crimson eye.

CHARLOTTE SAISSON. Beautiful lavender, large crimson eye.

THE PEARL. Pure white, large, individual flowers, heavy trusses, and a variety of easy culture. The low price is due to the quantity we have of this sort.

AUGUST REVERE. Pure scarlet, with deep carmine eye and fine, large flower; very pretty, planted singly or with others.

LOTHAIR. A beautiful variety; color brilliant salmon-rose.

SPECIAL OFFER. We will send you the above twelve varieties, all strong plants, for \$1.25.

HARDY PHLOX

Fine Double Herbaceous PEONIES

The wonderful improvements made during recent years in these old-fashioned hardy plants, have made them immensely popular. After they are once planted, they require little attention and care, thriving almost anywhere, and are absolutely hardy everywhere, requiring no protection whatever, even in the most severe climate. They do best in good, rich soil and an open, sunny position, but this is not absolutely necessary. They like a liberal supply of water during their growing season. The abundance and wealth of the gorgeous flowers which they produce are sufficient to satisfy the most enthusiastic, their flowers rivaling the finest roses in size, form and coloring. They are not troubled with insect pests or disease of any kind, and, once planted, they take care of themselves, increasing in beauty each year. We offer herewith some of the newest and most beautiful varieties in cultivation.

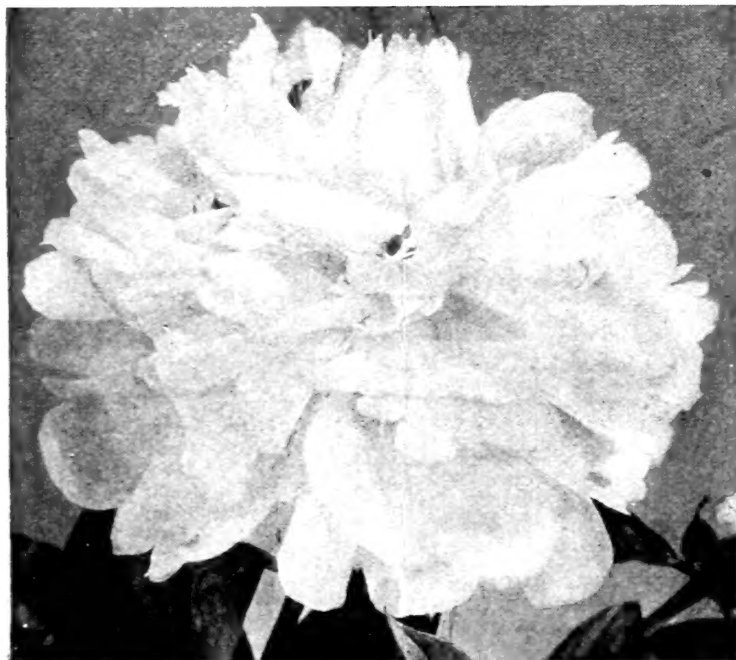

PURE WHITE. Large and full. 25 cts. **DEEP CRIMSON.** Very effective. 25 cts. **SHELL-PINK.** One of the finest. 25 cts. The 3 for 50 cts.

SIX NAMED PEONIES FOR \$1.50. We will send you 6 of the finest Peonies, all named, in good varieties, for \$1.50

The Best Novelties in Colors—Crimson, White, Bright Pink and Light Shell-Pink

ALL EARLY-FLOWERING. IF YOU WANT THE BEST, HERE THEY ARE

The following four varieties we offer as the best grown in the different colors and are not to be excelled by any other kinds in the Peony family. Apparently they are expensive, but the superior quality of these four named kinds over other standard varieties of this popular plant is greater than the difference in quality in any other family of flowers.

PEONY, FESTIVA MAXIMA

FELIX CROUSSE. All Peony enthusiasts are familiar with the fact that it is difficult to get a red Peony that is a self-color—that is, a full, rich, even shade of red without being suffused with a shade of another color. Felix Crousse fills the bill. A rich, even, brilliant, ruby-red, exceptionally fiery, bright and effective; very large, full bell-shaped bloom. Unique in color. 75 cts. each.

FESTIVA MAXIMA. This is not only the finest white in existence, but, in most quarters, is regarded as the queen of all the Peonies. Mr. Harrison says: "This flower has reached the ultimate, beyond which we cannot go." It combines enormous size with wondrous beauty, often 7 to 8 inches in diameter; color snow-white, flecked with an occasional clear purple spot on edge of center petals; in addition, it is very fragrant. 50 cts. each.

GIGANTEA. This is one of the rarest and most sought after in cultivation. The finest of all Peonies for cut-flower purposes. It is one of the earliest to bloom, produces an enormous flower 6 to 7 inches in diameter, on long stems; deliciously fragrant. \$1.25 each.

MARIE STUART. Large bloom, coming in clusters; outer petals soft pink, center pink and sulphur-white; very chaste bloom. Pleases everybody. 75 cts. each.

SPECIAL OFFER. One each of the best of Novelties, Felix Crousse, Festiva Maxima, Gigantea and Marie Stuart (\$3.25 value) for \$2.95. One of our very best offers.

NOTE.—In ordering Peonies we would advise ordering them by express. You will get larger roots, which will give a much more satisfactory plant.
